

the Auburn Alumnews

AUBURN ALUMNI ASSOCIATION

SEPTEMBER, 1961

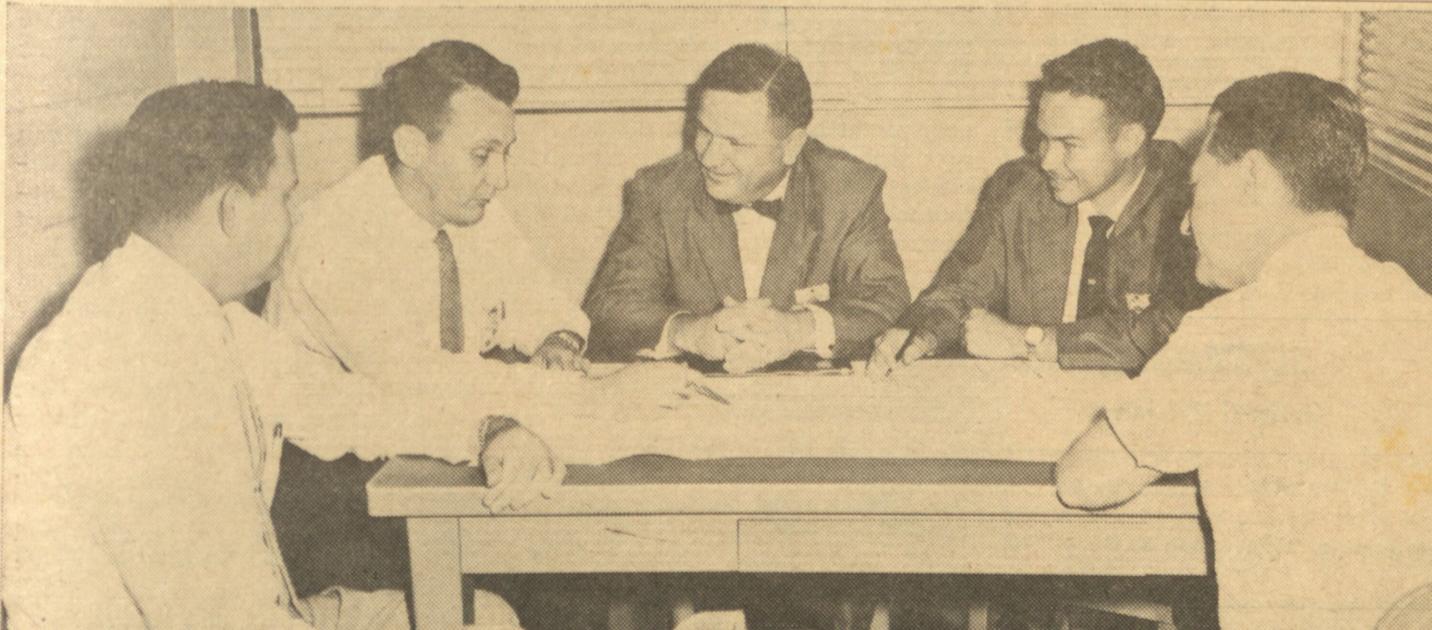

AUBURN, ALABAMA

OUTSTANDING ENGINEER—Joe S. Boland, III, of Montgomery (left) was Auburn Student Engineers Council selection as outstanding engineering graduate for the past quarter. An Electrical Engineering major, Boland earned a 2.6 out of a possible 3.0 overall average and was a leader in student engineering organizations. He will return here this fall for graduate studies and an instructorship in EE. Shown with Boland above is EE Associate Professor Dallas Russell.

A HOUSE OF REPRESENTATIVES SCHOLARSHIP—Members of the Alabama House of Representatives at the close of the regular session took up a free-will collection to provide Billie Hatley (left above) with a tuition-paid scholarship to Auburn University. Hatley worked as an assistant to the clerk in the House during the past session. Shown above presenting him with a receipt for his first two quarters tuition, after the House paid it, is Dr. Robert Anderson, AU executive vice president and Legislative liaison representative. Hatley, a native of Childersburg, will begin his freshman year as an Auburn Plainsman here this month.

BLUEPRINTS FOR NUCLEAR CENTER—Auburn physicists discuss blueprints for Auburn's proposed Nuclear Science Center with scientists at the George C. Marshall Space Flight Center (MSFC) in Huntsville. Shown (left to right) are Dr. William R. Lucas, chief of Engineering and Materials Branch, MSFC Structures and Mechanics Division, Dr. Preston T.

Farish of MSFC's Future Projects Design Branch; Dr. Howard Carr, head of the Auburn Physics Department; Dr. Warren Andrews, special assistant to President Draughon and director for the Nuclear Center; and William Brooksbanks, deputy chief of the Nuclear Vehicle Projects Office at MSFC.

Library Construction Accelerated

By Clyde H. Cantrell

(Director of Auburn Libraries)
During August much progress was made on the construction of the new Library building. When the construc-

tors began work last January, the weather was bad, there was more rainfall than the region usually has, and work was delayed. For many weeks workers were only able to work about half the time. However, with the coming of good weather, the situation has improved.

All of the third floor has been poured, and a great amount of scaffolding has been constructed for the fourth floor and a portion of it is poured. The construction superintendent is attempting to have a roof over the building by November or the first of December. If this schedule is met, the building should be completed as planned. Most of the summer months of 1962 will be required for installing furniture and equipment, and the new building should be ready for occupancy at the end of the summer term of 1962. This plan will make possible the formal opening of the new library in September 1962.

Require Foreign Language, Urges Young AU Alumnus

"I felt ashamed to tell the students in Europe that I was a college graduate because practically every high school student over there is able to speak two or three languages," reports Thomas F. Borst '60. Borst made a month-long auto tour of Europe this summer, and went alone, because he wanted to meet and communicate with Europeans of various nations on a person-to-person basis.

He came back with the desire "... to urge Auburn and other educational institutions to make a foreign language a must for every student." Many of the world's tensions could be eased, he believes, "... if the people of different lands could understand each other."

Most Europeans, Borst reports, "... do not have much respect for Americans who travel in Europe because they have that 'we have it better in America' attitude." For this reason, he feels that more students should travel in Europe, students that have learned languages and European history and culture, to promote better understanding between free Europe and America.

The young Auburn graduate flew to London and rented there a small car in which he toured through Belgium, Denmark, Norway, Sweden, Germany, Austria, Switzerland, and France. All along the way he talked to people, particularly students that he picked up as they hitch-hiked across Europe, about the forms of government and economic systems of their respective countries.

AU Buildings Dedication Set

Auburn University will dedicate five major buildings on Oct. 6.

To be dedicated are the large animal clinic, animal disease research department laboratories and isolation units; biological and plant sciences building; three-story addition to the animal husbandry and dairy building; and the meats laboratory, abattoir and judging arena.

During the third week of August, definite decisions were made by the Campus Planning Committee regarding the type of equipment to be purchased for the new Library building. The stacks are to be manufactured by the Estey Corporation; the individual study desk in the Special Collections Department and the tables and chairs in the divisional reading rooms are by Sjorstrom; the wooden shelving in various parts of the building, as well as the card catalogue cases and the C.B.I. tables, are to be by Myrtle Desk Company. The 281 individual study desks located on all floors are to be of metal and fastened to the floors. Auburn University will have a large research library in which the Institution and the State of Alabama may take much pride.

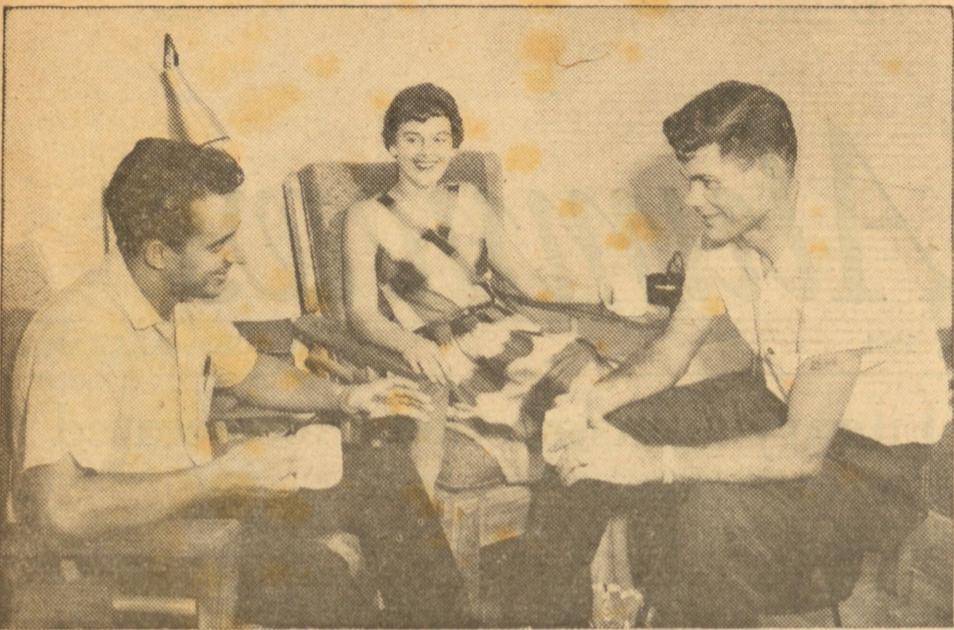

Eleven Summer Graduates Earned Academic Honors

Eleven of Auburn's 553 students who received their diplomas here on August 24 graduated with honors.

Graduating with *high honor* were: Richard Alton Scott, Opelika; Joseph Samuel Boland, III, Montgomery; Manuel Angel Gonzalez, Pinar Del Rio, Cuba.

The following graduated with *honors*: Susan Edwards Towns, Alexander City; Cecil Monroe Gant, Jr., Henagar; Cornelius Eugene Jones, Rainsville; Samuel Brightwell Ligon, Vicksburg, Miss.; Glenda Mozelle Steele, Alexander City; Frank John Schlichter, Jr., Mobile; Leila Ernestine Foy, Valdosta, Ga., and Willis Marcus Rountree, Montgomery.

Students graduating with *high honor* must earn an overall average of 2.6, or better, out of a possible 3.0; the *honors* designation requires an overall 2.4, or better.

A PARTING CUP—Manuel Gonzalez, Nancy Sloan, and Deward Sloan relax at the Sloan's apartment after summer-quarter finals. Sloan and Gonzalez, both Electrical Engineering students, were runners-up for the Auburn Student Engineers Council selection as Outstanding Engineering Graduate of the quarter. Gonzalez, a Cuban refugee who made an overall average of 2.7 out of a possible 3.0 in his studies here, has gone to work with Boeing Aircraft Co. in Seattle. Sloan, a chief petty officer in the U. S. Navy, scored a 2.3 overall average despite the fact that upon his entrance here he had been away from school more than a decade. He attended Auburn under the Naval Enlisted Scientific Education Program and now reports to the Naval Officers Candidate School located in Newport, Rhode Island.

Behind the Headlines —

Sign Of Progress, Or Empty Symbols?

Buildings now scheduled for immediate construction on campus will cost in excess of six million dollars. At varying stages in erection are the new library, boys dorms, girls dorms. Work on a new Home Economics building and a Physical Science Center will get underway in the near future, and somewhat later construction of the proposed Nuclear Science Center should begin. These buildings all represent welcome signs of progress.

However, it is ironical that at the very moment when the physical plant here approaches adequacy more nearly than it ever has, the University administration again finds itself hamstrung in efforts to retain and build a good faculty. Funds to finance those buildings, underway and scheduled, are coming from the State, the Federal Government (a loan), and from private gifts. From none of these sources is there support for the faculty necessary to make those buildings more than deceptively empty symbols of educational progress.

* * *

Struggle with Reality—In the Saturday Review of August 19 (beginning on page 9) appears what may well be the most significant commentary that can be made on the current crisis of Western civilization. John F. Wharton with calm logic and reserved rhetoric predicts "... that—barring a miracle—the United States of America will be devastated by nuclear and CBR warfare not later than 1970." Furthermore, he doesn't have any illusions that there would be much left after such an event.

The only ray of hope in the grim "Diary of a Man Struggling with Reality" is that Mr. Wharton finds some reason to hope for a miracle, which he doesn't expect by Divine decree but by an awakening consciousness of the face of reality and a redemptive change in the heart of humanity. By the time that this issue of The Alumnews appears, the August 19 Saturday Review probably will have disappeared from the newsstands; but Mr. Wharton's article is worth a trip, a long one if necessary,

Guest Editor — Bob Nixon, author of our guest editorial this month, is an upcoming Auburn senior in Science and Literature with an English major. He is the father of three daughters—Debra Gay, 9; Melanie Anne, 4; and Christin Gray, 1½. His wife, Joan, one of Auburn's hard-working student wives, is an efficient secretary in the Economics Department as well as a busy housewife; however, she cannot look forward to a greatly increased family income as compensation for her present labors. Husband Bob left a business paying more than he can expect to earn later using his English major, left it for a reason that his column, which originally appeared in *The Plainsman*, states eloquently. However, neither Bob nor Joan has any real regrets, and she believes in his purpose as thoroughly as he does. We hope that Bob finds it possible to continue his studies at a post-graduate level and to become one of those "unrealistic professors" and a creative writer. America needs more of his kind—needs them more desperately, we suspect, than most of us realize.

* * *

Prize-Winner — Neil O. Davis '35 has done it again: *The Lee County Bulletin*, which he edits and publishes here in Auburn, took first place in three categories in the 1961 Alabama Better Newspapers Contest. The Bulletin placed first, for a paper of its size, in editorial, typography, and make-up judging. Winning a fair portion of the prizes in both state and national competitions has become a rule for Editor Davis and *The Bulletin*.

One can disagree with Neil Davis's editorial conclusions (and a good many often do, while numerous others support him just as strongly), but it is difficult to argue with his assumption that

SEPTEMBER, 1961

General Edition

PRESIDENT: Ben S. Gilmer '26; **EXECUTIVE SECRETARY:** Joseph B. Sarver, Jr., '37; **EXECUTIVE COMMITTEE:** Rex McKissick, '39; L. Seawell Jones, '40; John H. Lanier, '49; Alvin A. Biggio, '26; David Roberts, '39; Winston S. Garth, '40; Edmund C. Leach, '15, ex-officio.

THE AUBURN ALUMNEWS is published by Auburn Alumni Association, Auburn University, Auburn, Ala. Jerry Roden, Jr., '46 is editor. The staff includes Bill Beckwith, '51, sports

editor; Lester King, '51, AU photographer. The Auburn Alumnews was entered as second class matter February 4, 1946, at the Post Office, Auburn, Alabama, under the Act of August 24, 1912.

A Guest Editorial —

Space Age Overshadows Humanities

By BOB NIXON

"What's your major," he asks, and knowing from long experience the reaction your answer will receive, you tell him you are an English major.

Sure enough, the reaction is the same as always: the dumbfounded look, and then the question, like the reaction, always the same, "What are you going to do, teach?"

Which really means: In this day of science; of space and missiles; of big business with money, and success, and security just waiting to be grasped, why in heaven's name would anyone in his right mind spend his college years studying English, or history, or anything else except scientific or business courses?

And you answer his question: Yes, you're going to teach; at least you hope to. And then, inevitably, comes the next question: How do you intend to make a living; to support your family decently?

And this is the question that is hardest to answer, because you're not too sure yourself, but you try to explain. You remind him that while teacher's salaries are certainly much too low, college instructors still manage to support their families, and besides, there are things more important than money.

September Notations

September 1961 anno Domini, and—From the Gulf comes Carla, hurricane spawning tornado, torrential downpour, tidal wave.

September 1961 anno Domini, and—Across the world come minute particles, explosion born, unseen, carrying cancer incipient, germ of mutation, unborn monsters.

September 1961 anno Domini, and—On the hilltop, a fledgling pear, prematurely and out of season, flings a single white blossom upward.

—Jack Mountain

A \$10 Million Deficiency

"Seventy per cent of the colleges and universities in this country find it necessary to offer remedial courses in English, at an annual cost of more than \$10 million.

"Approximately 150,000 students fail [annually] U.S. college entrance tests in English," says the *LSU Outlook*, quoting from a newspaper feature.

Such statistics, as startling as they may be, do not even suggest the price of Americans' indifference about their native language, for words and the rules that control their intelligent usage are the basic tools not only of communication but of thought itself.

a newspaper has an obligation to take an editorial stand on all issues of public import. Adherence to this philosophy accounts in large measure for the respect that Editor Davis has earned in circles far beyond Auburn. Such is journalistic integrity in the best of the American tradition.

* * *

Rambling Roses — Humorist Earl Tucker '26 is another Auburn alumnus journalist who continues to win accolades. The most recent we have noted came in a *Birmingham News* feature on the sage of Thomasville by Trudy Cargile '52. Earl Tucker is another man who takes a stand on public matters—and just about anything else that comes along. Trudy quoted these two among many gems from her conversation with him: "If they'd pay them \$2 a day, we might get some good conscientious men in the legislature . . ." And, "You can't be in a swamp hunting at daybreak when everything comes to life and not believe in God."

And as you try to tell him how you feel that the world of ideas is as important, or more so, than the world of facts and financial success, you warm to your subject, and the words rush out, tumbling one over the other in their breathless, urgent need to be said, because you think about this a lot, but rarely have an opportunity to talk with someone else about it, and you go on and on.

And it's time for your next class, but there is more to be said, so you cut the class and keep on talking, trying to make him see, but he is a fledgling engineer, or accountant, or a future business executive, and what you are saying is as foreign to him as his own world of facts and certainties and financial success is to you.

But still you try, and you explain how you feel, even in this space age, that there still must be voices to remind people that most of our ideas are not new ones; that man has been thinking and writing for ages, and this accumulated knowledge and wisdom and history of the past is found in the literature of the world.

He protests that the race is to the swift and asks how a knowledge of sentence structure and proper punctuation is going to help us beat the Russians. You tell him these things are only tools to help man communicate with his fellows, and the importance of English, for you at least, lies in literature.

You explain how teaching will give you the opportunity to continue learning, constantly, what the great minds of the world have thought, and more, how teaching will give you the time you need to write, and how you need this time because life is so short, and much of your time has already spiraled down the drain.

You explain that you are searching for truth above all, and that the search will be long, maybe unending, and that you feel teaching is a start in the right direction.

What greater truth is there, he asks, than that revealed by man's tremendous technological advances that have brought him to the launching pads — to the very brink of space.

You agree that there is truth in the smooth white finger pointing at the sky, impatient to emphasize its point that man is ever a conqueror, and having subjected earth and its atmosphere, is now reaching beyond — into infinity itself.

But remember, you say, that no matter where man goes, to whatever domains his ambitions lead him, he takes his ideas with him. And it is these ideas, these philosophies, that govern what he does when he arrives at his destination. And as long as these ideas, these philosophies, include intolerance, injustice, inhumanity to his fellows, man will be a long way from truth.

But this budding engineer, this young accountant, this future executive, will soon graduate, and he has a whole world just waiting for him to come and conquer, and he is impatient with this kind of talk.

He doesn't say so because he doesn't want to offend you, but he thinks you are some kind of nut, or at best, another future unrealistic college professor, afraid of the world, afraid of competition, and he pities you.

The pity is there in his eyes, mingled with disdain, and more than a little boredom.

You realize how long you have been bending his ear, and as his eyes shift restlessly from your face to his empty coffee cup and back, you know he wants to get away, so you stem the flow of words, and he leaves.

You sit there — alone now — and you think of what he said about the challenge of the space age; about money, and success, and security.

And as you ponder, doubts begin to creep in, and the old fears edge around your heart. Are you wrong after all, you ask yourself.

And you begin again to wonder.

Receives Honorary Doctorate —

Paul S. Haley—Perennially Young

On August 24, his fellow members of the Auburn Board of Trustees conferred a surprise "gift" upon Paul S. Haley

'01 on the occasion of his 81st birthday. The fact that his birthday coincided with summer graduation made the bestowal of an Honorary Doctor of Science upon the gentleman from Jasper doubly appropriate—and the surprise was effectively complete because for the first time in more than 44 years other members of the Board had taken an action of which the alert Dr. Haley was unaware.

President Ralph B. Draughon's presentation citation gives an excellent resume of the distinguished service that brought the honor to a man who first came to Auburn 63 years ago:

"Upon Paul Shields Haley, BS, 1901; MS 1902, CE, 1906, who graduated with highest scholastic honors; whose interest in new knowledge throughout his life has kept him perennially young; Christian gentleman whose devotion and service to his church have been outstanding; former instructor in civil engineering and mathematics; retired engineer and engineering consultant;

"Who was appointed to the board of trustees in 1917 and is now serving his 44th year as trustee of Auburn University; who has served as chairman of the budget committee and vice president of the board of trustees with constructive wisdom and highest integrity;

"Whose devotion to the advancement of learning, defense of academic freedom and advocacy of academic responsibility have been steady and unswerving; whose dedication to the welfare of his alma mater is a source of inspiration to all;

"By virtue of the authority vested in me by the board of trustees, himself excepted, in recognition of his great services to his alma mater and to God and man, I do now confer the degree, doctor of science, honoris causa, together with all of the rights, privileges, and obligations thereunto pertaining."

AU Veterinary Anatomist Attends World Meeting

Dr. T. C. Fitzgerald and Auburn's School of Veterinary Medicine is attending the World Association of Veterinary Anatomists in Vienna, Austria, under a \$4,600 National Science Foundation grant.

President of the American Association of Veterinary Anatomists, Dr. Fitzgerald has worked on a committee engaged in the revision of Veterinary Anatomical Nomenclature. American delegates are presenting the final report of that work to the World Association Revision Committee at the Vienna meeting.

ETV Features Help For Handicapped

Beginning this month, Auburn Educational Television is presenting a 35-week schedule of programs on the diagnosis, treatment, and rehabilitation of children and adults with physical and mental handicaps resulting from disease, birth defect, injury, or heredity. On Channels 2, 7, and 10 each Wednesday evening at 8 p.m., Dr. J. Buckminster Ranney, Auburn professor of speech and director of the Auburn University Speech and Hearing Clinic, will narrate the program, which will draw upon the information and experience of voluntary and state health and education agencies.

Problems of the mentally retarded, the blind and partially blind, deaf and partially deaf, the paralyzed and crippled will be considered, each in turn,

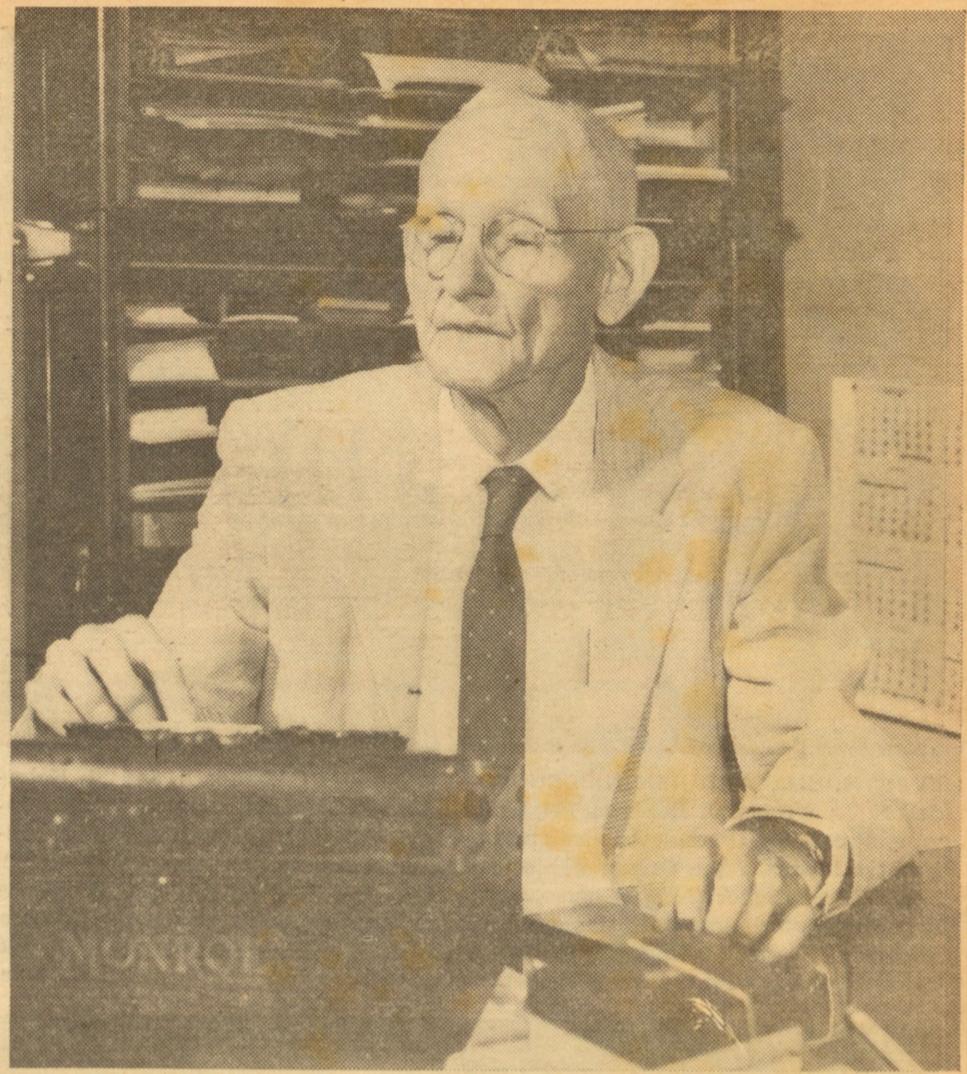

along with those for people with speech defects of any kind or origin.

The program has a three-fold purpose: (1) to help eliminate the stigmas attached to handicapping conditions; (2) to demonstrate that the handicapped, through special education and rehabilitation, may become useful, happy citizens (or regain that status in the case of adults who have suffered crippling injury or disease); (3) to show where help is available, how it may be obtained, and what special agencies are doing now.

Cooperating in the production of the program are the Mental Health Association of Alabama, the State Crippled Childrens' and Vocational Rehabilitation Services, and the Auburn University Speech and Hearing Clinic.

A PLACE FOR THE HANDICAPPED—Mrs. Cava Cherry and Prof. J. Buckminster Ranney prepare to go on Auburn ETV with a series of programs designed to show how special education and rehabilitation may enable people with assorted handicaps to live useful, meaningful lives. Program may be seen each Wednesday evening at 8 p.m. on Channels 2, 7, and 10, Alabama Educational Television network.

VETERAN TRUSTEE—Dr. Paul S. Haley '01 has been a member of the Auburn University Board of Trustees continuously for 44 years, and now is vice president.

Letters From Alumni —

Regrets Board Action To 'Censor'

I have attempted this letter, or at least a similar one, many times over. Each time it has been destroyed after I have read it through. However, I can no longer remain silent, I must speak out, for to fail to do so would be to abrogate my responsibility to Auburn both as an alumnus and as a member of the academic community.

It was a slight shock to read that the *Plainsman* is being placed under some form of administrative control. Perhaps I would be less than honest if I did not come out and call this control what I firmly believe it to be—censorship! Such censorship, howbeit limited, does not seem to be in keeping with the spirit of an educational institution, particularly an institution so recently adopting the title of University.

Censorship in any form is a kind of

Daniel J. Meador Named

Full Professor Of Law

Daniel J. Meador '49 has been promoted to full professorship in the Law College of the University of Virginia. Meador is a native of Greenville, and *The Greenville Advocate* suggests that "he is probably the youngest man to be a full professor in one of the ranking law schools of the nation."

Meador attended The Citadel for one year and then came to Auburn where he earned a B.A. degree before going to the University of Alabama for an LL.B., which he received in 1951. By 1954 he had earned a Master's in Law at Harvard University.

After spending a year as a clerk for the U. S. Supreme Court and two years with the law firm of Lange, Simpson, Roberson, and Sommerville in Birmingham, he joined the University of Virginia law faculty in 1957.

During the Korean War, Meador served as a first lieutenant in the Judge Advocate General's Department in Korea.

Eighty-Six Routes To Sheepskin

Auburn University offers the baccalaureate degree in 41 specialized areas; master's degrees in 30 areas; and the doctoral degree in 15 areas.

totalitarianism and a breach of democratic process. To make all editorializing and all news reporting reflect only one side of an issue is to promote a spirit of advocacy rather than a healthy spirit of inquiry. This approach also relieves the educator from accepting any personal risk in the process of shaping human lives and minds. It seems to me, in the current world situation, we must make a stand, either to capitulate to a 'brain-washing' type of totalitarianism which must stoop to censorship to preserve the 'status-quo', or to allow expression of a rugged individualism which promotes creativity and develops more rapidly maturing minds.

The issue here is a specific one, thus, I must be specific. The policy of the Board of Trustees with respect to University publications comes only after Mr. (Jim) Bullington's excellent editorial on the racial crisis. This policy comes months after Mr. (Tommy) Fowler wrote an ill-conceived article with definite anti-semitic overtones, no doubt inadvertently. My own position is that this reflects as much discredit as does this current 'control' policy which puts every Auburn *Plainsman* writer in the ranks of the 'status-quo' whether or not he chooses to be there.

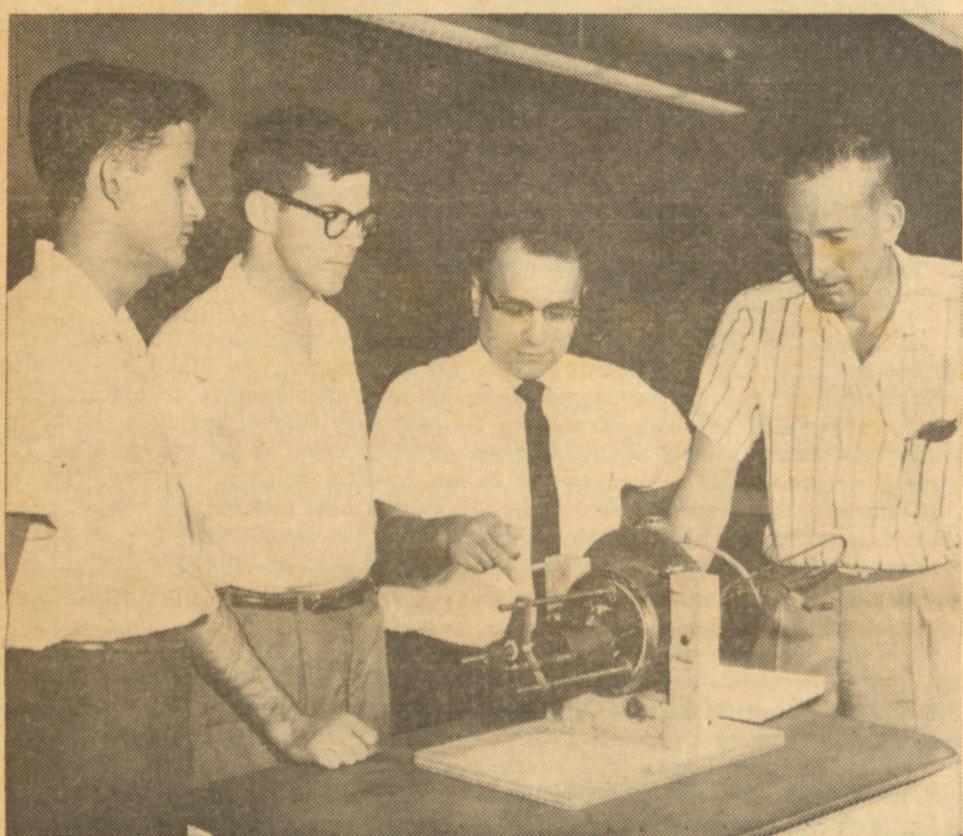

Quite obviously, the *Plainsman* can be an effective training field for the development of journalistic maturity and integrity. There is, however, no integrity in conformity if that conformity is not volitional. I trust that the Board of Trustees will reconsider their action in this matter.

Sincerely yours,
R. F. Pendleton, '61

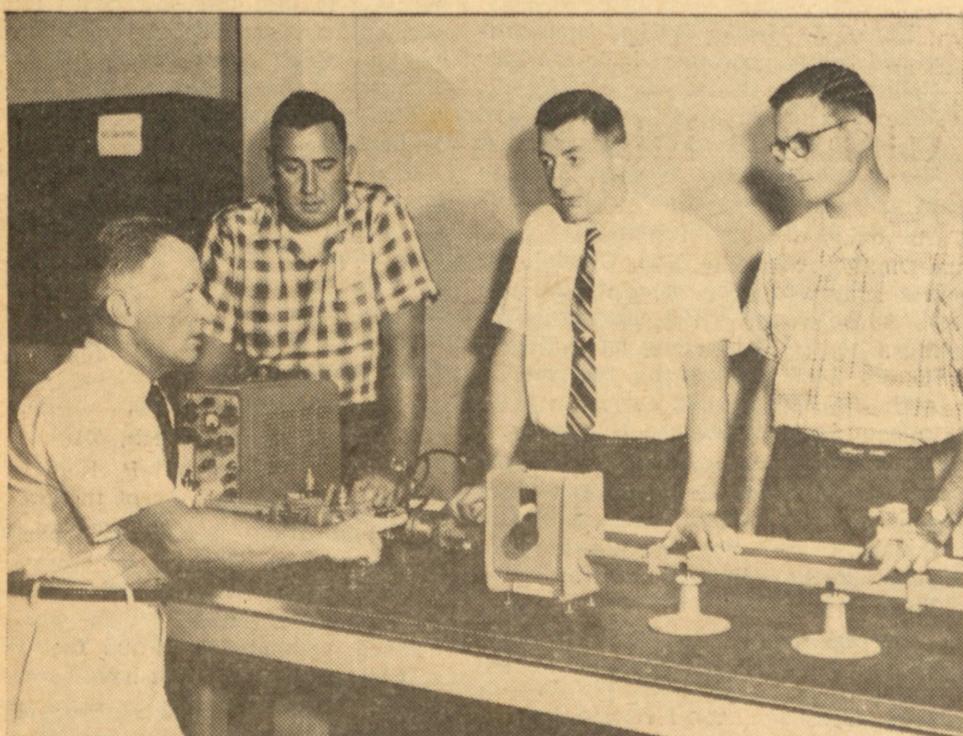

EDITOR'S NOTE: Letters intended for publication should be marked "Letter to the Editor," or otherwise designated "For Publication." Receipt of the above letter, which was so marked, reminds us of the fact that several good letters that have come in during the past year may have been so intended but were not marked, and we have hesitated to use them. Unfortunately, the amount of correspondence from the more than 35,000 alumni that receive *The Alumnews* is too great for us to establish the practice of writing to ascertain the letter writer's intention.

ELECTRONICS AND REMINISCENCES—Dr. Bernard C. DeLoach, Jr., '51, Holmdel, N. J.; William J. Robinson '48, Huntsville; and Eddie R. Cantrell '57, Huntsville, discuss old times at Auburn and up-to-the-minute developments in electronics at a break in the Quantum Electronics short course held here for Marshall Space Flight Center (MSFC) personnel. Dr. DeLoach, a member of Bell Telephone Laboratories technical staff, was guest lecturer on parametrics for the short course. Robinson, electrical engineer with the Research Projects Division at MSFC, and Cantrell, who is with the Army Ballistics Missile Agency, both attended the course.

A MASER—Dr. Samuel Hopfer explains the potential advantages of a maser for space communications—satellite to earth, satellite to satellite, and radio astronomy. It is the only device that will amplify at liquid helium (very low) temperatures; it produces extremely low operational noise and thus will amplify much smaller signals than any other device and can serve as an extremely pure frequency source. Left to right above are Federico Laracuente, Quality Division of MSFC; George A. Tanton, astro space technologist with MSFC; Dr. Hopfer, guest lecturer and research manager for PRD Electronics, Inc.; and Robert Morgan, senior engineer supervisor for Chrysler Corporation's Missile Division in Huntsville.

AUBURN PROFS AND NASA PERSONNEL—Auburn professors in charge of technical direction of the Quantum Electronics short course discuss a microwave system with members of National Aeronautics and Space Administration staff at Huntsville. Left to right are Prof. Martial Honnell of Electrical Engineering, assistant technical director for short course; Alvin M. Payne of the NASA Test Division; Dr. Paul Budenstein, Auburn physicist and technical director of the short course; and Peter J. Marrero, Physicist in the NASA Guidance Control Division.

A LASER—Dr. James T. Arnold explains the operation of a laser, the first device in history to provide a coherent source of optical radiation. Dr. Arnold, who is with the Radiation Research Department of Varian Associates, was guest lecturer at the Quantum Electronics Short Course. Left to right are R. J. Schwinghamer, supervisory research engineer at MSFC; Grady H. Saunders, assistant to the chief, Guidance and Control Division, Instrumentation Branch, MSFC; Dr. Arnold; and Hans H. Hendricks, engineer in the Guidance and Control Division, MSFC.

First Space-Age Short Course —

Quantum Electronics—'A Success'

Last month Auburn offered its first specialized short course in advanced space-age technology for Marshall Space Flight Center (MSFC) scientists and engineers. For an objective report on this effort, and Auburn's work in Physics and electrical engineering, *The Alumneus* sought a personal interview with two participants who had no previous association with Auburn's instructional program. Charles Gearling, director of Engineering Extension, arranged it with Robert Schwinghamer, an electrical engineering graduate of Purdue and now supervisory research engineer with MSFC; and Robert (Bob) Morgan, physics graduate of the University of Texas and now senior supervisor at Chrysler Corporation's Missile Division in Huntsville.

Both Schwinghamer and Morgan gave an excellent rating to the conception and execution of the short course — and offered only one minor criticism that one of three visiting lecturer's "shot a little above the heads of his audience." Both cited Auburn Alumnus Dr. Bernard C. DeLoach '51, visiting lecturer on parametrics from Bell Telephone Laboratories, for an outstanding performance. Of him Schwinghamer said, "He has that intangible contact with an audience and knows when he is hitting home," Morgan added, "Dr. DeLoach is an alumnus to be proud of."

Both gave an equally high rating to Dr. Paul Budenstein, Auburn physics professor, and Prof. Martial Honnell, of Electrical Engineering, who served respectively as technical director and assistant director and lecturers for the course — in fact Morgan, who has done graduate studies in physics at the University of California and Texas Christian, stated his desire to come to Auburn for a Ph.D. in physics if the Physics Department gets the necessary equipment (most of that which he pointed out as necessary is planned for the new Physical Sciences and Nuclear Science Center, particularly the latter).

"What, in a layman's term, did this course do for you?" they were asked. Schwinghamer — "It helped me begin to get a working knowledge. When I was in school only the physicist was concerned with Quantum Electronics. You have to keep up with the developments in this field now — Or you are out. And you never really do it on your own."

Morgan — "For me, it also served as an excellent refresher course in quantum mechanics. I learned a lot for the application of parametric devices. Such a course also points up the scientific developments on which you need to concentrate."

Complimentary of all the Physics and Engineering faculty members that they met, both visitors were critical of the "under-equipment for physics research and demonstration," feeling that some outstanding physicists are working under terrible handicaps. Of the communications equipment in Electrical Engineering, they noted that Auburn has "the latest" but Schwinghamer suggested a need for "new gear" in AC and DC labs and said that the need for air conditioning of EE Measurements Laboratories is critical. Morgan, who built a navigation system for the B-58, said, "You simply have to have temperature control in a laboratory to make delicate measurements. The laboratory is well equipped but it ought to be air conditioned for effective use."

Back to the Quantum Electronics short course — "Would you give an overall rating to this course?" they were asked. Both together — "A tremendous success." "Are you interested in the possibility of other similarly advanced short course here?" Both answered, "Yes," and noted that they had made a special effort to come for the Quantum Electronics course and as a result of their satisfaction with it would make as great an effort to come for any other specialized short courses offered.

Summer Plainsman Broke Records, Set Precedents

Under the energetic leadership of Editor Noel Leon, Auburn's summer *Plainsman* staff worked through the hot months with the determination that their issues would not be merely pale copies of regular term editions.

According to the staff unusual accomplishments worth remembering at quarter's end were:

1. Publication of the first staff aerial photo. Previously, aerial photos have appeared in *The Plainsman*, but they were not made by the *Plainsman* staff.
2. Publication of the first underwater staff photo.

3. Use of the largest staff ever. Forty-odd members, chosen from 120 applicants, contributed their efforts.

4. Started an international organization — INTERCOL — for the purpose of fostering "better understanding among colleges and universities around the world by exchanging ideas through the exchange of college newspapers."

5. Concluded publication with a record 20-page issue.

1961 Tigers—As Jordan Sees Them

Based on past performance and early September work, chief problems at Auburn for the 1961 football season will exist in the back field and the kicking game.

"From end to end we should be very solid," says head coach Ralph Jordan. "In the backfield we are as green as a gourd, and all our kickers are completely lacking in experience."

Several all-star candidates are eager to go, foremost of whom are end Dave Edwards of Abbeville, tackle Billy Wilson of Birmingham, center Wayne Frazier of Evergreen and halfback Jimmy Burson of LaGrange, Ga. All are seniors with the exception of Burson, a junior.

At end, three lettermen will operate. Edwards and senior Bobby Foret of New Orleans, La. are likely starters with juniors Jimmy Bonner of Atlanta, Ga. and Don Downs of Birmingham in second unit jobs.

Jordan's view of ends — stronger than 1960.

Wilson heads up tackle groups which also include experience and ability in the likes of senior Dave Woodward (220), juniors Winky Giddens (210), David Hill (245), Jimmy Jones (220) and George Gross (240).

Jordan's view of tackles — same strength as 1960, more depth but loss of all-America Ken Rice hurts.

Five lettermen return at guard with seniors Jimmy Putman (195), Jerry Gulledge (200) and G. W. Clapp (205) leading the way. Senior Billy Haas (195) and junior Joe Baughan (220) are also lettermen and will be in thick of battle for playing time. Sophomore

Davis Brock (205) could help by mid-season.

Jordan's view of guards — stronger, due to return of Clapp and addition of Brock.

All three centers from the '60 team are back. Senior Wayne Frazier (218) of Evergreen, juniors Jim Price (225) and Don Irvin (208) will make this a solid spot.

Frazier ranks with the finest Auburn centers of the past years," says Jordan. "Price could be an outstanding boy, and Irvin is the best third string center in the league."

Jordan's view of centers — stronger, due to increased experience.

Sophomore Mailon Kent came on strong to take the No. 1 quarterback job from fellow Lanett gridder, Bobby Hunt, and he looks as if he intends to keep battling Bobby for the job. Junior Joe Overton of Greenville, Miss. is a passing specialist who may be used in much the same way as Richard Wood was a few years back.

Jordan's view of quarterbacks — Same strength, despite Kent's promise, because of loss of Bryant Harvard.

Left halfback Jimmy Burson, in Jordan's opinion, is one of the finest backs in the Deep South and could go on to become one of Auburn's all-time greats. Behind the LaGrange flyer is senior John McGeever of Birmingham, who will also operate at fullback on defense.

Sophomore Sammy Miller of Jasper, Fla. is a comer and could help this year and junior Cary Senn of Auburn is the steady-type boy who will be spotted in tough situations.

Jordan's opinion of left halfback — stronger.

George Rose, a sophomore speedster from Brunswick, Ga., will be the starter here if Don Machen's injured knee fails to respond. Others who will see playing time are senior Bo Davis and junior Bobby Lee.

Jordan's view of right halfback — weaker, due to Machen's injury and loss of Bobby Lauder.

Sophomores Larry Rawson and Billy Burgess, along with junior Larry Laster, will attempt to combine talents and take the place of all-America Ed Dyas.

Rawson has great potential and should be the starter, however, he'll get a great deal of argument for the honor from Burgess.

Jordan's opinion of fullback — weaker, due to loss of Dyas and lack of experience in good prospects.

Kicking game — weaker, due to loss of Dyas and punter Joe Dolan.

Military Training Here Enters Second Century

Auburn this year begins its second century of close association with the armed forces. In 1861, Capt. George W. Dixon organized the Auburn Guard, a Confederate militia unit, at the East Alabama Male College, an Auburn University predecessor.

Since that time un-numbered thousands of young men have received military training here, under the Morrill Land-Grant College Act and subsequent national defense acts.

Forty years ago the Auburn School of Military Science began commissioning here by pinning gold bars on 57 new graduates. Since then more than 4,000 graduates have been commissioned directly by the school.

Auburn Linemen—In Top Condition

By NORM CARLSON

Auburn's linemen took it upon themselves to be in good condition prior to reporting back Sept. 1, and the results are obvious.

Weights are down, overall, a great deal from those of last spring and fall. Here are few examples:

Tackle Winky Giddens (225 in spring to 205 now); tackle Dave Woodward (243 in spring to 220 now); tackle Jimmy Jones (227 to 215); guard Jimmy Putman (215 to 195); guard G. W. Clapp (220 to 206); center Wayne Frazier (230 to 218).

Biggest man on the team will be Billy Wilson, and even he, at 250 pounds, is under last year's playing

weight of 254. George Gross will play at 245 and David Hill at 240 to round out the folks who can fit that "big Auburn linemen" tag.

Fresh Backfield—First unit freshman backfield in mid-September is quarterback Jimmy Sidle (180—Birmingham), LHB—Doc Griffith (184—Hokes Bluff); RHB—Mickey Sutton (180—Mobile); FB—Tucker Frederickson (202—Hollywood, Fla.) . . . Frederickson, it appears, has the potential to be one of the great ones that seldom comes along. But then, so do Sidle and Griffith. Sutton is a dark-horse, who was clocked in 5.6 in the 50-yard-dash to equal George Rose's time.

Atlanta Men—Auburn has 10 natives of Atlanta and vicinity (including East

Point and Marietta) on varsity and varsity and freshman football scholarships. Eight of these are ends. Last Atlantan to play much ball here was Leo Sexton—an end; most widely known Atlantan here was Joel Eaves—All SEC end way back when.

Probable Punter—Most likely Auburn punter this fall will be Bo Davis, a boy not now on scholarship. He came back to school for his fifth year of football largely because of the ribbing he took this summer in Scottsboro . . . The kidder was an ex-mate, Pat Trammell, now Alabama's quarterback . . . Those new padded benches you'll see this fall at Cliff Hare Stadium were designed by Tiger guard G. W. Clapp, an industrial design major.

Atlanta Club Plans Pre-Tech Social

Atlanta Auburn Club's annual Pre-Tech dinner-dance will take place at the Dinkler-Plaza Roof on Oct. 20. The social hour will be at 6:30, dinner at 7:30, dance at 9:30.

Music for the dance will be by Don Grimes and his orchestra.

All visiting Auburn alumni and their friends are invited. For ticket information contact Bill Hutto, 1639 Hurt Building, Atlanta, Ga., or see him that night at the gate in the Dinkler-Plaza.

CHAMBERS-WEST POINT ELECTS

The Chambers County-West Point (Ga.) Auburn Club has elected the following officers:

Richard E. Charlton, Jr., '37 of Fairfax, president; John C. Barrows '31, vice president for West Point; Aaron Greene '51, vice president for Lanett; Bill Bowling '57, vice president for LaFayette; John Ben Jones, Jr., '47, vice president for Shawmut; George F. Adams '48, vice president for Langdale; Billy Joe Reaves '49, vice president for Huguley; Owen Duffey '58, vice president for River-

view; Glenn B. Smith '36 of West Point, secretary; and Howard Clem '49 of Langdale, treasurer.

JEFFCO ALUMNI SMOKER

Jefferson County Auburn Club will hold a general meeting and alumni smoker at the Thomas Jefferson Hotel in Birmingham on Oct. 2 at 7:30 p.m. Guest speaker will be Coach J. B. Roberts. Movies of Tennessee game of the previous Saturday will be shown. Members will discuss continued Tuesday night showings of game films.

SOUTHWEST LOUISIANA ALUMNI ORGANIZE

Under the leadership of Dr. Harry L. Hillhouse, LaFayette, La., veterinarian, Auburn alumni in Southwest Louisiana held an organizational meeting on Aug. 26 at Poor Boy's Riverside Inn in LaFayette.

Guest speakers for the occasion were Coach Dick McGowen and Alumni Field Secretary Herb White.

Auburn Alumnalities

1902-1906

Mrs. Mollie Hollifield Jones '02 of Auburn is one of 83 Alabama women featured in the second edition of *Who's Who in American Women*.

Mr. and Mrs. T. Louis Dickson '06 of Opelika were recently honored with a reception in celebration of their fiftieth wedding anniversary.

1908-1913

F. Webb Stanley '08 is editor of the *Greenville Advocate* that won honorable mention for best spot news or sports picture and for best use of illustrative material in the 1961 Alabama better newspaper contest.

Riley G. Arnold '11, Auburn Extension Service community development specialist, recently addressed the annual Oklahoma Junior Farm Bureau camp near Oklahoma City.

Charles Coleman Thach '12 has retired after some 34 years of teaching at New York University, and he writes that nothing would please him more than "to hear from an old Auburn friend." He lives at Brown's Road and Hillary Court, Huntingdon, L. I., N. Y.

New Addresses: G. Horatio Packwood, Jr., '10, Glencoe, Mo.; Dr. Bennett T. Simms '11, Arlington, Va.; Oliver I. Gaines '13, Abingdon, Md.

1914-1916

William L. White '14 of Mt. Vernon, Ohio, was a recent visitor to Auburn. He is an inventor, a lecturer, and a person who has numerous hobbies. He succeeded in turning an oil hobby into a business, and just recently a well in which Mr. White holds majority interest was brought into production on a farm near Wooster, Ohio. Mr. White has interests in eight wells in Texas and one in Michigan.

J. Glenn Stanley '15 is publisher of the *Greenville Advocate* that won honorable mention in the 1961 Alabama better newspaper contest for best spot news or sports picture and for best use of illustrative material.

Alfred L. Harrell '15, area conservationist with offices in Birmingham, retired August 1 after 27 years with the Soil Conservation Service. He returned to his farm near LaFayette.

Dr. George Douglas Ingram '16 was recently featured in an article in a Florence newspaper and was credited with "bringing modern veterinary service to Lauderdale County." He has practiced veterinary medicine in Lauderdale County for 42 years.

R. Y. Bailey '16 of Auburn was recently presented an award for having made significant contributions to soil conservation in Alabama at a meeting of the North and South Alabama chapters of the Soil Conservation Society of America.

1920-1922

E. Meade (Skipper) Wilson '20 was recently re-elected by acclamation for a second term as president of the Florida Agricultural Research Institute, an organization that covers 48 manufacturers of fertilizers, insecticides and pesticides.

George L. Price '21, Gordo druggist, has been operating the City Drug Store there for 40 years.

J. M. Barker '21 has been honored by The Lincoln National Life Insurance Co. for outstanding performance in a special nation-wide contest.

J. Peavy Wright '22 is owner of a Civil War Display that was recently exhibited in the circulation hall of the Auburn University library.

New Addresses: Mr. and Mrs. Carl E. Wideberg (Mary Crenshaw) '20 and '17, respectively, Sea Island, Ga.; Edwin P. Clyatt '21, Cripple Creek, Colo.

1923-1928

Phil Tippin '26, vice president of National Concert and Artists Corp., has been added to the staff of the Performing Arts Division of the Seattle World's Fair. He has been active in the concert

management field in New York for more than 20 years. The fair is scheduled to open on April 21, 1962.

Moreland G. Smith '28 of Montgomery has been elected a fellow of the American Institute of Architects for distinguished performance in architectural design.

New Addresses: Orville B. Hodges '23, Fairhope; Dewey W. Stutts '23, St. Petersburg Beach, Fla.; William P. Grisham '23, San Angelo, Tex.; Capt. George M. Yarbrough '25, University of Michigan, Ann Arbor, Mich.; Julian P. Mansfield '26, Dothan; Maj. W. E. Waldrop '28, Ocean Springs, Miss.; George C. Costen '28, Red Level; Col. Edward C. Coffin, Jr., '28, Ft. Monmouth, N. J.

1929-1930

Col. Edward R. Pearson '29 of Arlington, Va., is assistant editor of the *Washington Civil Engineer*. He is a fellow, American Society of Civil Engineers, and is secretary-treasurer of the Alabama Society of Washington. He and Mrs. Pearson paid a visit to Auburn and Pell City in August.

V. C. Helms '29, Lee County superintendent of schools, was recently on the program of the Alabama Education Association's annual leadership school at Montevallo.

R. A. Puryear, Jr., '30 of Birmingham, president of Alabama Gas Corp., has been nominated to the board of directors of the American Gas Association for a two-year term.

New Addresses: Keener Kimbrough '30, Folkston, Ga.; Lucian K. Paul '30, Forkland.

1931-1932

Hugh Overton '31 of Wadley has been elected national executive committee man of the American Legion in Alabama.

Ben A. Bentley

Ben A. Bentley '32, has been named manager of sales administration at CIBA Pharmaceutical Products, Inc. Mr. and Mrs. Bentley have four children, and they live in Westfield, N. J.

David T. Rogers '32 is regional manager of Alabama Farm Bureau Insurance Companies and lives in Mobile. He is married and has a son, David T., Jr.

Mrs. Louise Hakanson Merriweather, '32, of Mobile is one of 83 Alabama women featured in the second edition of *Who's Who in American Women*.

New Address: Mrs. Julia T. Jester Lyon '32, Auburn.

1934

E. M. Howell and the *Foley Onlooker* won three awards in the 1961 Alabama better newspaper contest. The *Onlooker* won third place for the best original column, third place for best service to education, and honorable mention for best editorial.

Representative Francis E. Walter '34, chairman of the House Un-American Activities Committee, was present at the Alabama American Legion Convention in Huntsville recently.

Howard W. Green, vocational agriculture subject matter specialist, recently gave a report at the 10th Annual Southern Regional Research Conference on Agricultural Education at Clemson College, S. C.

New Addresses: Col. Kenneth G. Taylor, Pacific Grove, Calif.; Clarke A. Singletary, Jr., Acworth, Ga.; John T. Andrews, Opp.

1935-1936

Neil O. Davis '35 is editor and publisher of *The Lee County Bulletin* that once again is among the weekly newspapers that took the largest number of awards in the 1961 Alabama better newspaper contest. The *Bulletin* was first in best editorial, first in typogra-

phy and makeup, and also took a third-place award in best use of illustrative material. Mrs. Henrietta W. Davis '35 is associate editor of *The Bulletin*.

J. D. Watson '35 of Opelika was recently presented a 15-year emblem for service with Southern Bell Telephone Co. He is a junior engineer.

Mary Jim Enloe Coleman '36 of Auburn is one of 83 Alabama women featured in the second edition of *Who's Who in American Women*.

New Addresses: Claire Randle '35, Birmingham; George A. Fort '35, Gary, Ind.; William Earl Wright '35, Tuscaloosa; Mr. and Mrs. W. Henry (Boots) Chambliss '35 (Elsie Oakley '49), Auburn; Col. Paul S. Hicks '36, Carlisle Barracks, Pa.; Marcus T. McGriff, Bowling Green, Ky.

1937-1938

Mark S. Corr, Jr., '37 has been transferred to Wilmington, Del., home office of E. I. duPont deNemours and Co., to fill the newly created post of process manager of cellophane. He and Mrs. Corr are the parents of three children.

Ruby Pittard Crane '37 of Talladega is one of 83 Alabama women featured in the second edition of *Who's Who in American Women*.

Dr. W. Crane Cantrell '38 retired from the U. S. Navy with the rank of captain on June 1 and entered private practice of orthopaedic surgery in Florence.

A. D. Holmes, Jr., '38 of Gallion, a farmer and soil conservation supervisor, recently received an award for significant contributions to soil conservation in Alabama at the meeting of the North and South Alabama chapters of the Soil Conservation Society of America.

Robert M. Cargile '38 has replaced Alfred Harrell '15, who retired as area conservationist with the Soil Conservation Service in Birmingham.

New Addresses: Edward A. Von Grichten '37, Rockville Centre, N. Y.; Dr. I. Jay Sadow '37, Chattanooga.

1939

J. Sydney Cook, Jr., Auburn, was honored at a recent meeting of Civitan Clubs from Alex City, Talladega, Phenix City, Opelika, and Auburn. He was cited for his service as club president for two terms: 1951-52 and 1960-61.

Jack Hope of Montgomery is new executive vice president of the Alabama Sight Conservation Association, which is sponsored by Alabama Lions Clubs.

New Addresses: Arthur W. Stewart, Jr., Marion; Capt. Samuel R. Brannon, Orlando AFB, Fla.; Lt. Col. and Mrs. James H. Boykin (Etta Breeden '41), Ft. Benning, Ga.

1940

Paul M. Rudolph, internationally noted architect, came to Auburn recently to submit plans for the proposed Kappa Sigma fraternity house before the Auburn University planning committee. Mr. Rudolph is a Kappa Sig alumnus.

Sam Price Jones, Dothan High School principal, is new coordinator of the Alabama Association of Secondary School Principals.

Fred P. Boswell is new director of library services and assistant professor of library science at Texas Wesleyan College in Fort Worth. He and his wife have two children, Mary Elizabeth and Murrah Page.

T. J. Wingfield of Opelika was recently presented a 20-year service award by Southern Bell Telephone Co. Mr. Wingfield is a group engineer.

New Addresses: J. Herschel Moseley, Fort Valley, Ga.; John T. Wheeler, Jr., Grosse Pointe, Mich.; The Rev. William E. Robinson, Clanton; Mrs. Juanita Johnston McVay, Milledgeville, Ga.

1941

Merlin T. Bryant, secretary-treasurer of Brundidge Milling Co., Inc., is the new governor of Rotary District 688 in Alabama.

(Continued on page 7)

Receives Award —

Dr. Sylvan D. Culver '36, field veterinarian with the USDA Animal Disease Research Unit here, has received a certificate of merit and a \$300 cash award for "sustained outstanding performance" in animal disease eradication programs for Alabama. Dr. Culver has spent most of his time since graduation in disease eradication work.

Oct. 1 Is Deadline For Reunion Reservations

With class reunion plans for this fall complete, four classes are set to return to The Plains for Homecoming on Oct. 27 and 28, and one will be back on Nov. 24-25.

Returning for Homecoming and the Auburn Tiger-Clemson Tiger tilt will be the Classes of 1901, 1907, 1911, and 1936. The Class of 1909 will be back on Nov. 24-25 for fellowship and the Auburn Tiger-Florida "Gator battle."

The Alumni Association has sent program schedules and reservation blanks to members of these five classes. Deadline for making tentative reservations for all reunions is Oct. 1.

Dr. Ralph C. Williams '07 of Atlanta reports that the following members of his class have already planned to attend their reunion: Leland Cooper, E. Tarleton Collier, James Eads, William Hardie, William M. Lacey, Hubert D. Long, Norman B. McLeod, Eugene S. Pace, Charles S. Ripley, Thurman H. Robertson, C. W. (Bill) Streit, Fletcher J. Thagard, and William P. Watkins.

Morland Heads West Coast

Sales For Philip Morris

William Brown Morland '35, a member of the Philip Morris Inc. sales organization for 27 years, has been appointed West Coast Regional Sales Manager for the major cigarette company. With headquarters in San Francisco, he supervises sales in a territory that includes California, Arizona, New Mexico, Washington, Oregon, Idaho, Colorado, Utah, Montana, Wyoming, El Paso, Tex., and Honolulu, Hawaii.

Morland, a native of Birmingham, began his career with Philip Morris as a salesman in Alabama and has moved westward through the years as he has advanced in his work.

He and his wife, Frances, have a 20-year-old son, William B., Jr.

Taylor Finishes First In Class At Fort Sill

2nd Lt. Benjamin David Taylor '61 of Roanoke has been named the outstanding student in his Field Artillery Officer Orientation Course at Ft. Sill, Okla. Taylor, an Auburn graduate in forestry, finished first in his class of 41 officers, maintaining an overall average of 95.9 while at Ft. Sill.

While at Auburn University, Taylor was named Distinguished Military Student and Graduate, Outstanding Military Science IV Student, and Cadet Battalion Commander.

In Memoriam—'97 Through '60

Edward Charles Mandy '97 died in Birmingham on Aug. 16 at the age of 90. Survivors include a daughter, Mrs. Harold L. Cannell of Cleveland, Ohio; and five sons, Charles A., John E.; Norman W., and George H. Mandy '25, all of Birmingham, and William H. Mandy of Pittsburgh.

* * *

Robert G. Dawson '02 died at Gadsden on June 2.

* * *

Herbert Augustine Jones '04, native and resident of Montgomery, died there on Aug. 19 after a brief illness at the age of 78.

Survivors include the widow, Mrs. Mary Metcalfe Jones; and three sons, Whipple M. Jones '47 of Miami, Clinton E. Jones of Atlanta, and Herbert A. Jones, Jr., of Montgomery.

* * *

Dr. Isham Kimball '04 of Houston, Tex., died on July 18. Survivors include a son, Dr. Isham Kimball, Jr., of Houston.

* * *

Frank B. Rutledge '07 of Demopolis died there on Aug. 31 at the age of 74.

Survivors include the widow; two sons, Frank Rutledge, Jr., '39, and Fred Rutledge, both of Demopolis.

* * *

Robert W. Williamson '09, manager of the Columbia (Tenn.) Power and Water Systems, died at Vanderbilt Hospital on May 19 following lung surgery.

Survivors include the widow and a son, Dr. Robert J. Williamson of Bristol, Conn.

* * *

William I. Pittman '09, Birmingham educator and civic and religious leader for more than half a century, died there on Aug. 1 at the age of 75.

Survivors include his wife, Mrs. Renah Lane Pittman; three sons, James N. and William L. Pittman '47 of Birmingham, and John C. Pittman of Gadsden; and a daughter, Mrs. S. A. Taylor, Jr., of Pensacola, Fla.

* * *

Fred Stewart '11, pioneer agriculturist and first county agent of Limestone County, died at his home near Belle Mina on Aug. 13 at the age of 73.

Named director of the Tennessee Valley Substation of Auburn Agricultural Experiment Station in 1925, Mr. Stewart was chosen Alabama "Man of the Year" in agriculture in 1957 as a result of the feed and forest programs he developed at the station.

Survivors include his wife, Mrs. Inez McCraw Stewart, and three sons.

* * *

Eugene C. Ewing '14 of Gadsden died on Aug. 21. Survivors include his wife, Mrs. E. C. Ewing of Gadsden.

* * *

Fred D. Perkins, Sr. '15, of Wetumpka died on Aug. 20 at the age of 69.

Survivors include the widow, Mrs. Ida B. Perkins; two sons, Fred D. Perkins, Jr., of Chilbersburg, and Richard Perkins of Wetumpka; and five daughters.

* * *

O. E. Tompkins '15, former Abbeville mayor and Henry County superintendent of education, died on Aug. 12 after a long illness.

Survivors include the widow, Mrs. Zitelle Vining Tompkins, and two sisters and two brothers.

* * *

James W. Burgin '16, assistant city engineer for Birmingham for 33 years and a native of that city, died on Aug. 20. A veteran of World War I, he is survived by his widow; a daughter, Mrs. John B. Cotton of Birmingham, and other relatives.

* * *

Ira A. Thompson '17 of Troy died on Nov. 27, 1960.

* * *

Steven Douglas Mobley '22, an Electrical Engineer of the class of 1922, died of a heart attack in Columbus, Ga., at St. Francis Hospital, on Aug. 3.

* * *

Robert James Cooper, Sr. '22, operating manager of Georgia Power Co.

died of a heart attack at his home in Atlanta on July 7. He was 59.

After his graduation from Auburn in Electrical Engineering, he spent two years in further study at Westinghouse in Pittsburgh. Then he taught during the 1924-25 academic year at Auburn for Engineering Prof. W. W. Hill, who was on leave for graduate study. In 1925, he joined the Georgia Power Co. as a test engineer and remained with the company for the remainder of his life. He became operating manager in charge of distribution and transmission in 1958.

Mr. Cooper was a member of the American Institute of Electrical Engineers and had been chairman of its Southeastern Committee.

Surviving are his wife, the former Isabel Treutel; two sons, R. J. Cooper, Smyrna, Ga., and Joseph Cooper, Ft. Worth, Tex.; a sister, Miss Leland Cooper '07 of Auburn; and four grandsons and one granddaughter.

* * *

Louie I. Lumpkin '31 of Ozark died suddenly from a heart attack August 16 while attending a state soil conservation meeting in Auburn. He is survived by his widow; two sons, Steve and Jerry; one daughter, Betty; two brothers, Tom W. Lumpkin of Auburn and Keith Lumpkin of Jackson, Miss.; and three sisters, Mrs. Vivian Nelson, Montgomery; Mrs. B. H. Haynes and Mrs. Ruby Williamson, both of Lineville.

* * *

Annie Williams '32 died in Auburn July 29 at the age of 87. She taught in the Auburn schools for 43 years. Survivors include a brother, J. C. Williams, Auburn; a nephew, John W. Williams of Arlington, Va.; one great niece and three great nephews.

* * *

Gus Henderson, Jr. '35 died at his home in Birmingham August 15. He is survived by his wife; one daughter, Mrs. T. W. Smith, New Orleans, La.; one son, Robert Land Henderson, Birmingham; and mother, Mrs. Augustus Henderson, Sr., Troy.

* * *

William H. Reynolds '37 of Birmingham died February 7.

* * *

Roy Reed Edwards '47 of Summit, N.J., died of leukemia at the National Institute of Health in Bethesda, Md., August 22. He was 34 years old.

While at Auburn Mr. Edwards was elected to Tau Beta Pi, Pi Tau Sigma and Phi Kappa Phi, honorary fraternities. Since his graduation he had been employed by Chicago Bridge and Iron Co. and had worked in Birmingham, Chicago, Ill., and New York City. At the time of his death he was contracting engineer in his company's New York sales office.

Survivors include his wife, Mrs. Bettie Burge Edwards '48; a daughter, Linda; two sons, Reed and Kenley; one sister, Mrs. Frances Lingle, Miami; and four brothers, Richard and Fred of Mobile, David of California, and Robert of Miami.

* * *

Charles C. Martin '57 of Gadsden died in an accident May 5.

* * *

Leslie Earl Seigle '59 of Dothan died of a heart attack August 8 at the age of 38. Survivors include his widow, Mrs. Nellie Johnson Seigle; a daughter, Linda; a son, Leslie Earl, Jr.; father, Willbur Marshall Seigle, Kansas City, Kan.; and a sister, Mrs. Mary Jane Frent, Kansas City.

* * *

Ens. Billy Joe McCray '60 of Savannah, Ga., drowned in Pearl Harbor, Hawaii, August 30. He was a member of an underwater demolition unit and the accident occurred during training and requalification exercises. Survivors include his parents, Mr. and Mrs. J. E. McCray of Savannah.

* * *

A Southern university assembled the first law faculty. It was organized at the University of Maryland in 1816.

ON MODERN SCIENCE—Dr. George M. Hocking (left), Auburn professor of Pharmacy, has donated a collection of scientific books valued at more than \$400 to the Auburn University library. The collection, which consists of scholarly works on several topics, is composed of 1960 and 1961 editions. Above Director of Libraries Clyde H. Cantrell examines the collection with Professor Hocking.

THE U. S. ARMY IN WORLD WAR II—Col. John Lockett, professor of military science here, presents to Dr. Clyde Cantrell one of a 44-volume series on *The U. S. Army In World War II* that the Department of the Army has donated to Auburn University Library. Compiled by the Office of the Chief of Military History, the series were donated for the use of student engaged in research on World War II.

ALUMNALITIES—Continued

Mrs. Elizabeth Wheeler Stewart is the new home demonstration agent in Tuscaloosa County. Her husband is Carl W. Stewart '35.

Miss Margaret Whatley, Camden, and **Miss Alma Holladay**, Andalusia, attended a three-week home management and equipment workshop at Auburn this summer.

Army Reserve Lt. Col. Charles R. Barron, Bay Minette, completed the associate command and general staff course at Fort Leavenworth, Kan., Aug. 12.

New Addresses: The Rev. Hankins F. Parker, Paducah, Ky.; William R. Gill, Cocoa Beach, Fla.

1942

Army Reserve Lt. Col. Clarence E. Scarsbrook of Auburn completed the associate command and general staff course at Fort Leavenworth, Kan., Aug. 12.

Felix A. Harvey recently resigned his position as supervising principal of Haleyville School.

John Edward Oakes is vocational agriculture teacher in Newbern, Tenn. His wife (Jessie Short '43) is a senior welfare worker with the Dyer County Welfare Office. The Oakes have two children, Kathy, 17, and Steve, 13.

Cdr. Thomas J. Bedford is commanding officer of Naval Reserve Training Center in Clifton, N. J. He and Mrs. Bedford (Lucile Walden '42) live in Glen Rock, N. J.

Robert Clifford Stanfield is employed by Batson-Cook Co. in Atlanta, Ga.

Born: A son, David Alan, to Mr. and Mrs. Alfred Fred Henning, Jr., in Birmingham on July 5 . . . A son, to Mr. and Mrs. Winston B. Prather (Elizabeth Sturkie '51), in Auburn on Aug. 5.

New Addresses: Mrs. Verna Foster Whitten, Henderson, Tenn.; Mrs. Nan M. Murphree, Pennington, N.J.; William E. Cannady, Saratoga, Calif.; James A. Griffith, Baton Rouge, La.; Mr. and Mrs. James B. Moore (Flora Straight '40), Petersburg, Tenn.

1943

Dr. Joseph H. Yeager and Prof. Ben T. Lanham, Jr., agricultural economics department of Auburn University, are contributing authors to a book released recently by the Iowa State University Press.

Dr. Willis H. Irwin has been named Inspector in Charge of the Newark, N. J. station of the Meat Inspection Division of the U. S. Dept. of Agriculture. Dr. and Mrs. Irwin have two sons.

New Addresses: Lt. Col. and Mrs. Charles E. Westbrook (Elizabeth Garrison '41), Olmsted AFB, Pa.; Harry B. Huff, Atlanta, Ga.

1944

Leo C. Mueller, Jr., was recently promoted to the position of vice president in charge of sales and transferred from Mobile to headquarters offices of Steele and Associates, Inc., in Atlanta, Ga.

(Continued on page 8)

KIWANIAN STALWARTS—Shown at Kiwanis State Convention in Florence are Olie A. Miller '12, J. Walter Clopton, and J. B. Mitchell '00, an Auburn threesome.

Oldest Kiwanians Are Auburn Men

Three of the oldest and most active Kiwanians at the annual convention in Florence were Auburn graduates or have a son graduate.

Olie A. Miller, Fairfield, 1912 Auburn graduate, attended his 38th consecutive Kiwanis meeting.

He entered Auburn in 1908 and graduated in chemistry and metallurgy in

1912. While attending Auburn he paid \$17.50 per month for board and rent.

After graduating he started working at Tennessee Coal, Iron, and Railroad Company for \$55 per month. He continued with the same company for 40 years before retiring in 1956.

J. Walter Clopton, Decatur (center), was district governor in 1929. For the past 35 years he has had a perfect attendance in the Decatur club. This is one of the best records in the nation.

His son John A. Clopton graduated from Auburn in 1936, and has been employed by TCI for about 12 years. He is a major in the reserves. His home is in Homewood.

J. B. Mitchell, Huntsville, age 82, entered Auburn in 1897 and finished in 1900. For the past 10 years he has attended almost every state and international Kiwanis meeting.

He served 33 years as county agent in Autauga, Cullman, and Madison Counties. He retired from the county agent work 13 years ago. He now works with the Tennessee Valley Co-op at Decatur.

Montgomery Pharmacists Pay Tribute To Erle Hall

Montgomery pharmacists gathered at the Montgomery Country Club on Aug. 2 to pay tribute to Erle Hall '11, who, as a practicing pharmacist for the past 50 years, "... has filled a prescription for virtually everybody in Montgomery at one time or another."

A member of the old school as far as work is concerned, Hall told those assembled that he expected to practice pharmacy as long as he is "warm" and to stay on the job until he is "under ground."

Making a presentation of a gold watch to him for the Montgomery Pharmaceutical Society and Auxiliary, Mrs. Lela LeGare '32, pharmacist for Durr Wholesale Drug Co., told what "work" had meant to Hall in the past:

"In his most active years, Erle's day found him making a preparation, White Wonder Salve, from 5 a.m. to 7 a.m. From 7 (a.m.) until 7 p.m., he filled prescriptions. From 7 p.m. to 9 p.m., he posted books for the store. This included six days a week with his turn for Sunday duty."

Mrs. LeGare complimented the "... modest Erle Hall for his 50 gold years of service. In them he has upheld the finest tradition and ethics of medicine and pharmacy."

Also honored at the meeting was his wife, Mrs. Virginia Palmer Holt Hall, who was awarded a handbag.

Born in Opelika on May 18, 1888, Erle Hall began his practice in pharmacy there upon graduation from Auburn. By 1912 he had moved to Selma, and in 1917 he was practicing in Montgomery, where he has remained since then. He now divides his time among three stores there.

He has served as President of the Montgomery Wholesale Druggists Association. Several years ago, he initiated an effort, with good success with a number of firms, to get manufacturers of pharmaceuticals to release data on new products on a standard 3x5 card for ready filing and access by the druggist's elbow at the telephone. This effort brought him recognition from national pharmacy magazines.

Perhaps Mrs. LeGare best revealed the character of the man and pharmacist when she told how she first became acquainted with him in Selma. Then a young girl, she went to the drug store at which he worked to purchase a highly advertised product "guaranteed to make one beautiful." He refused to sell it to her, because (the fact wasn't mentioned in the ads) "... it took the epidermis off" those that used it.

ALUMNALITIES—Continued

Marion J. Weidenbach is employed by Eastern Air Lines in Miami, Fla.

Miss Mildred Gilbert of Oneonta and Mrs. Sarah Langford Thomas of Gadsden attended the three-week home management and equipment workshop at Auburn in July.

New Addresses: Mrs. Cecil Hiers, Richmond, Va.; Fielden H. Farrar, Atmore; Lt. Col. Walter M. Pickard, Luke AFB, Ariz.

1945-1946

Maj. Donald I. Hackney '45 is with the Federal Aviation Agency in Washington, D. C.

C. W. Killough '46, vocational agriculture teacher at Linden High School, recently attended an electrical clinic in Mobile. The program included demonstrations on fundamentals of electricity and planning wiring systems for the home and farm.

State Sen. Aubrey Green '46 of York is international second vice president of the Lions Club.

New Addresses: Mrs. Donald E. Daly '45, Tulsa, Okla.; Albert E. Choate '46, Mulberry, Fla.; James R. Hamilton '46, State College, Miss.; Edward E. Perry '46, St. Louis, Mo.; Woodrow W. Weldon '46, Tuskegee; Robert G. Rhodes, Jr., '46, Pensacola, Fla.

1947

James C. Barnett, St. Louis, Mo., has been appointed market development manager of Monsanto Chemical Co.'s Inorganic Chemicals Division.

Theodore L. Ferreira is teaching at Fort Myers, Fla.

Dr. Thomas W. Gandy recently gave a report at the 10th annual Southern Regional Research Conference on Agricultural Education at Clemson College, S. C.

New Addresses: William J. Fagan, Gainesville, Ga.; A. W. Whitt, Wetumpka; Robert B. Cater, Jr., Bellevue, Wash.; Herbert L. Strickland, Gainesville, Ga.; Carl R. Fletcher, Houston, Tex.; Mr. and Mrs. Donald C. Cheatham (Frances Duncan '47), Newport News, Va.; Bruce M. Clark, Jr., Ft. Lauderdale, Fla.; Capt. Robert A. Timmons, Jr., Bossier City, La.

1948

Leonard Brooks, vocational agriculture teacher at Bibb Graves High

VERSATILE LEATHERNECK—Kenneth H. (Chuck) Johnson, above, is an outstanding Auburn student in psychology, a founder and editor of *The Auburn Critique* (student written and published literary magazine), a regular reporter for the Auburn News Bureau, and a full-fledged U. S. Marine Corps corporal on active duty. He is attending Auburn under the Naval Enlisted Scientific Education Program (NESEP), which permits outstanding Navy and Marine Corps enlisted personnel to attend selected institutions of higher learning to prepare them for specialized duties in the service. Such students attend college in civilian clothes but remain on active status. In addition to his other accomplishments here, Chuck has courted and married—a year ago—an attractive, talented Auburn co-ed, the former Beverly Jean Hill, who is also one of the founders of *The Auburn Critique* (which, incidentally, alumni may enjoy for a year by sending only \$1.00 to P. O. Box 870, Auburn). Mrs. Johnson now is an Auburn Senior in Science and Lit.

School, Millerville, has resigned his position to enter the insurance business.

Alton B. McLeod is owner and operator of Al McLeod State Farm Insurance Agency in Pensacola, Fla. He and his wife, the former Joyce Brown of Grand Forks, N. D., have a five-year-old son, Douglas David. Al is vice president of the Pensacola Area Auburn Club.

L. G. Pair, assistant county agent of Calhoun County, was recently honored for outstanding work with 4-H Club activities.

Jesse Culp of Boaz, editor of *The Sand Mountain Reporter*, was presented an award at a recent meeting of the North and South Alabama chapters of the Soil Conservation Society of America for having made significant contributions to soil conservation in Alabama.

Roger L. Sullivan has been appointed manager of the new hydrogen peroxide production plant to be erected in South Charleston, W. Va., by Becco Chemical Division of FMC Corp. He and his wife Dorothy have two sons and one daughter.

New Addresses: John N. McCabe, Cincinnati, Ohio; Leland C. Courson, Florence; Durward F. Gunnells, Jr., Greensboro, N. C.; Victor I. Dekle, Cuyahoga, Fall, Ohio; Charles E. Murphy, Sundance, Wyo.; Mr. and Mrs. Thomas P. Fuller (Mary Arnold '46), Opelika; George M. Carmichael, Jr., Sunny South; Murray H. Norment, Birmingham; Gorman H. Guthery, Pensacola, Fla.; Dr. Charles J. Granade, Columbus, Ga.; I. Vaughan Timberlake, Birmingham.

1949

Manuel Whisenant, assistant county agent of Marion County was honored recently for outstanding work with 4-H Club activities.

Dr. William Williams has been promoted to the newly-created position of director of technical services for Dorn and Mitchell Laboratories. He will maintain headquarters in Atlanta, Ga., and will supervise technical service to customers with respect to the entire Dorn and Mitchell line of products.

Born: A son, Joseph Leslie, III, to Mr. and Mrs. Joseph Leslie Nall, Jr., in Birmingham on July 23 . . . A son, Charles Anderson, to Mr. and Mrs. Charles William Hightower (Ina Anderson '48), in Montgomery on Aug. 7 . . . A daughter, Cecilia Anne, to Mr. and Mrs. James A. Griggs (Anne Coulter '49) in Columbus, Ga., on April 20.

Married: Marian Dulaney McClelland to Robert McCollough Hill, Jr., in Knoxville, Tenn., on July 15.

New Addresses: James N. Hughes, North Little Rock, Ark.; Henry B. McClelland, Boaz; Louis G. Cian, University City, Mo.; Raymond G. Fox, Jr., Lake Mary, Fla.; Percy Rogers, Jr., Hobbs, N. M.; John W. Moon, Tuskegee; J. Pressley Motley, Hickory, N. C.; Tom Jeff Baggett, Double Springs; Alston H. Pickett, III, Montgomery; Samuel R. Woodham, Arecibo, Puerto Rico; Dr. Harold Dumas, Clanton; Robert W. Blackburn, Jr., New York, N. Y.; Oliver G. Wilson, Madill, Okla.; Nolen Goodwin, York; George L. Haynes, Myrtle Grove, Fla.; Mrs. Doris Donnell Mezick, Daleville.

1950

Jeff D. Loftin is president of Loftin's Transfer and Storage Co., Inc., in Dothan.

Mrs. Ouida Weekly Reynolds is district advisor of the Middle Mississippi Girl Scout Council in Jackson, Miss. Her husband is Dr. Julius D. Reynolds '50.

James E. Gunter of Tiger Motor Co. in Auburn has been elected to the advertising committee of the Ford Dealers Advertising Association in the Atlanta district.

Mrs. Louise McGilvray Ward, assistant professor of the Speech and Hearing Clinic at the University of Alabama, was a visiting lecturer at the University of Southern California during the summer.

(Continued on page 9)

ALUMNALITIES—Continued

Herbert T. Uthlaut, Jr., has been appointed College Employment Coordinator for Southern Bell Telephone and Telegraph Co. in Atlanta, Ga.

Tom V. Cecil has been appointed manager of the Birmingham operations of Swift and Co., meat packers.

J. A. McLean, assistant county agent for Russell County, was recently honored for outstanding work with 4-H Club activities.

Lt. Frank Marsh

Lt. Frank G. Marsh recently began a one-year internship at Fitzsimons General Hospital, Denver, Colo. Upon completion of the residency training, he will be promoted to captain in the Medical Corps.

Graham M. McTeer, Jr., is managing editor of *The Lee County Bulletin*, the weekly newspaper that took the largest number of awards in the 1961 Alabama better newspaper contest. The Bulletin won first place for best editorial, first place for typography and makeup, and third place for best use of illustrative material.

Born: A son, Benjamin Russell, Jr., to Mr. and Mrs. Benjamin R. Wood

(Catherine Wilkerson '54), in Selma on July 10 . . . A daughter, Jean Garrett, to Mr. and Mrs. Roy Edward Corbitt in Tuskegee on July 11 . . . A daughter, Andrea Hardin, to Mr. and Mrs. Charles B. Bottoms, Jr., in Atlanta, Ga., on July 25.

New Addresses: The Rev. Eddie L. Ruddick, Anniston; Philip K. Cornelison, Ashland; Mrs. Sara Witcher Huff, Union Point, Ga.; Robert E. Waters, Hartselle, F. Glenn Marsh, Denver, Colo.; Maj. A. G. Norris, Maxwell AFB; Mrs. Nancy White Norment, Birmingham; William F. Koenig, Landenberg, Pa.; Robert E. Fleming, Bremerton, Wash.; William L. Morton, LaMirada, Calif.; James L. Maddox, Jr., Philadelphia, Pa.

1951

Fred W. Kilgore, Jr., assistant county agent of Sumter County, was recently honored for outstanding work with 4-H Club activities.

Miss Sue Miller of Montgomery attended the three-week home management and equipment workshop at Auburn University in July.

J. J. Copeland is supervising engineer for Southern Bell Telephone Co. in Montgomery.

New Addresses: Robert H. Willis, Talladega; Mrs. Melba Lambert Youngblood, Beaufort, S. C.; Ottis A. Cartee, Nashville, Tenn.; Dr. LaVanus Sanders, West Des Moines, Iowa; Mr. and Mrs. Robert P. Ham (Mary H. Ponder '50), Chattahoochee, Fla.; Jack N. Brevard, Hyattsville, Md.; Dr. John Ben Cook, Camp Hill; James W. Raulston, Jr., Fayetteville, Tenn.; William H. Moore, Asheville, N. C.; Bertrand A. Riddle, Loxley; Samuel Phillip Gregg, Macon, Ga.

1952

Douglas C. Davis is district manager of American Cyanamid Co. in Albertville. He was married to Anita Harcrow of Gadsden on May 14, 1961.

Bob Yates is assistant county agent at Bartow, Fla.

Ralph J. Ballew is new visual editor for Auburn University Extension Service. He will assist county and state officers in planning, preparing and using visual aids in their teaching efforts. Mr. and Mrs. Ballew have three children—Janice, 7; Jeffery, 6; and Dale, 4.

Capt. Robert L. Maxham of the Jacksonville State College Reserve Officer Training Corps staff has been transferred to Kirchgoens, Germany, near Frankfort.

James L. Addison is a structures engineer with the missile division of Chrysler Corp. in Huntsville. He is married to Shirley Wheeler '54.

Capt. Welborn L. Matthews is assistant professor of military science and a member of the ROTC staff at Florida Southern College in Lakeland, Fla.

Born: A son, Gary Mark, to Dr. and Mrs. Theodore R. Adkins, Jr., of Clemson, S. C., on July 28. He joins big brothers Randall, 8, and Dale, 5. Paternal grandparents are Mr. and Mrs. T. R. Adkins, Sr. '26, of Ocala, Fla. . . . A son, Thomas Christopher, to Mr. and Mrs. William C. Sullivan (Carolyn Yates '52) in Creve Coeur, Mo., on June 17. The Sullivans have another son, Carter, 4.

Married: Willene Johnston to William K. Whatley in Evergreen on Sept. 17.

New Addresses: Mr. and Mrs. Thomas N. Hooper (Billy Joyce Carter '58), Baton Rouge, La.; James T. Pfannkuche, Metairie, La.; Richard T. Turner, Jr., Gadsden; Capt. Ronald V. Slagel, Jr., Myrtle Beach AFB, S. C.; V. Coleman Wilkinson, Munice, Ind.; Dr. William L. Wake, Harrisonburg, Va.; Mr. and Mrs. William C. Wood (Virginia Young '55), Jackson, Miss.; Edward R. Moore, Washington, D. C.; Eugene J. Guazzo, Durham, N. C.; Mrs. Jeannie F. Johnson, Auburn; Mrs. Mary Ellen Blakely Granaide, Columbus, Ga.; Leamont G. Holloman, Bayside, Va.; Mr. and Mrs. George E. Reid (Betty Billingsley '54), Paden City, W. Va.

1953

Notice: Anyone having an extra copy of the 1953 *Glomerata*, please contact Robert E. Green, 11644 East 16th Street, Independence, Missouri. He would like to obtain a copy.

Mr. and Mrs. Joe Horsley (Joyce Armitstead '53) and daughter, Ann, have moved to Dallas, Tex., where he is associated with the Texas branch of Wellington-Sears.

Born: A daughter, Sandra Lynne, to Mr. and Mrs. James L. Gilbert in Birmingham on July 9 . . . Twin sons, David Ransom and Mark McCarroll, to Dr. and Mrs. Benjamin F. Lawson, Jr., in Atlanta, Ga., on July 20.

Janet Herndon is now Mrs. Az Flowers, Jr., and she lives in Dothan.

New Addresses: Charles E. Wallner, Marietta, Ohio; James W. Summerville, Sacramento, Calif.; Mr. and Mrs. George D. Stewart, Jr. (Olene Lovvorn '53), Roanoke; Edward L. Carpenter, Orlando, Fla.; Robert W. Howard, Birmingham; Hubert L. Davis, Albany, Ga.; Floyd H. Holder, Redondo Beach, Calif.

1954

Leonard Rice has received the Master of Science degree from the State University of Iowa and is now a hydraulic engineer for Tipton and Kalmbach Engineers, Inc., of Denver, Colo.

Roy Harrell is new head football coach at Georgiana High School. He and his wife (Julie Sheppard '58) have a daughter, Nancy.

Mr. and Mrs. R. D. Culbertson (Peggy Barrow '55) and three children—Ewell, Ruth and Laura—are living in Broomall, Pa., where Bob is secretary-treasurer and a director of King Homes, a shell home company operating in Pennsylvania, Maryland, and Delaware.

Born: A daughter, Tracey Elizabeth, to Mr. and Mrs. John M. Boatwright, Jr., in Montgomery on Aug. 1.

Married: Peggy Helms to Joseph T. Weidenbach in Birmingham on Aug. 26.

. . . Nancy Carolyn Woods to Capt. William K. Stratford in Hurdle Mills, N. C. on Feb. 19, 1961. They are now stationed at the Marine Corps Air Station at Beaufort, S. C.

New Addresses: Thomas J. Tate, Jr., Atlanta, Ga.; Pettus M. Sparrow, Butler; Allison L. Christopher, Long Beach, Calif.; O. Inman Veal, Washington, D. C.; Mr. and Mrs. James E. Baskerville, Jr. (Sara Jo Cooke '57), Florence; Joe F. Burks, Raleigh, N. C.; Charles R. Snow, Oak Ridge, Tenn.; Dr. Stanley P. Wilson, LaFayette, Ind.; William J. Ballard, Saginaw, Mich.; Floyd O. Parker, Montgomery; Robert C. Cole, Jr., Livermore, Calif.; Capt. Fitzhugh Gordon Bush, Jr., Greenville, S. C.

THREE DOCTORS OF PHILOSOPHY—Harry Herlich, Edgar Hugh Hopper, and Stanley M. Lukawecy (left to right) received their Ph.D.'s here on Aug. 24 as members of Auburn's largest graduating class of doctoral students. Joining them in prefixing their names with "Doctor" were the thirteen Doctors of Education shown in the background. Lukawecy and Hopper became the 15th and 16th Auburn doctoral graduates in mathematics; Herlich the first in poultry science. (Auburn has granted 86 doctorates since initiation of graduate programs for that degree.)

HONORARY DOCTORS—President Ralph B. Draughon (left) congratulates distinguished trio that received honorary doctorates here on Aug. 24. From the left (after Dr. Draughon) are: John S. Luce, who without the benefit of college training has become a distinguished scientist with Oak Ridge National Laboratory; Paul S. Haley '01, vice president of the Auburn Board of Trustees and a distinguished member of that Board continuously for the past 44 years; and Maj. Gen. John A. Barclay (now retired), leader in the Army Missile program and former deputy commander of the United States Army Ordnance Missile Command.

1955

Mary Handly writes that she has been Mrs. John Cullen Beard for "about four years." She, her husband, and six-month-old son, Cullen, live in Memphis, Tenn.

Alta Ann Morrison is living in Tuscaloosa and teaching at Tuscaloosa County High School.

J. Edward Newby has been elected "Track Coach of the Year" for the State of Georgia by vote of the membership of the Coaches Association. He and Mrs. Newby (Jean Cross '55) teach in the Atlanta Public School System.

Walter M. Graham, regional manager for the Institute for Essential Housing, has been transferred to Birmingham. He is married to Ann French, '57.

Wesley A. Parker is pursuing graduate studies in chemical engineering at the University of Tennessee in Knoxville.

Mr. and Mrs. Sam B. Jones, Jr. (Carleen Arrington '54) received master's degrees from Auburn in August—he a master of science in botany and she a master of science in education. They are now living in Athens, Ga., where Sam is working toward the Ph.D. degree at the University of Georgia.

Mrs. Jacque Adair, Birmingham, attended the three-week home manage-

ment and equipment workshop at Auburn in July.

Born: A son, Fred Handley, Jr., to Mr. and Mrs. Fred H. Lovvorn of Wetumpka on Aug. 6.

New Addresses: Mrs. Dell Evans Lyons, Atlanta, Ga.; Ernest L. Pierce, Jr., Milwaukee, Wisc.; Capt. Charles H. Ott, Plattsburg AFB, N. Y.; Chester Jacobs, Pine Apple; Mrs. Harriet Houze Davis, Selma; Thomas L. Pitts, Big Stone Gap, Va.; Donald J. LaGuaite, Birmingham; Ronald K. Owen, Mobile; Norman E. Poole, Atlanta; Betty J. Coe, Montevallo; William G. Pemberton, Decatur, Ga.; Mrs. Minna Hayes Gilbert, Ashford; Mrs. Barbara Ann Freeze Kirby, Decatur; James S. Nunnelly, Haddock, Ga.; Joseph M. Brooks, Jr., Birmingham.

1956

Oscar Strickland has been named assistant county agent of Marshall County.

M. L. Brackett is assistant coach at Etowah High School.

Tim Ford is now in his senior year of Law School at the University of Alabama after serving three and one-half years as a jet pilot in the USAF.

Mrs. Jean Taylor Farrar is teacher of commercial subjects at Charles Henderson High School at Troy.

(Continued on page 10)

AT HEIGHT OF HIS GLORY—When Auburn won the National Football Championship in 1957, Hodge Drake helped lead the celebration down College street.

College St. 'Fixture' For 40 Years -

Hodge Drake Dies Of Heart Attack

By GRAHAM McTEER '50

One of Auburn's most widely known characters — a landmark on N. College St. and a familiar figure at Auburn football games for years — will no longer be a part of the scene when a new college year begins. Hodge Freeman Drake, dispenser of shoe shines and Auburn spirit from his Varsity Barber shop for 40 years, died suddenly August 29 after suffering a heart attack at home.

Hodge's favorite topics were Tiger football and high jinks of days gone by — and he could expound at unbelievable length, with a fine touch of humor, on both.

"Doc" Hodge, as he also was known by many who passed through Auburn's main gate, could rattle off the starting line-up of any Auburn team, could call by full name countless alumni who were students here before enrollment reached beyond reasonable bounds and could recognize every fraternity pin and pledge button.

Just a few months shy of his 60th birthday when he died, Hodge was fond of telling how Auburn tied Ohio State in a scoreless battle back in 1917, liked to recall old friends who contributed to the purchase of his artificial leg, and vowed that things were not quite right in the last few years when freshmen began "telling the upperclassmen what to do."

When alumni poured back into Auburn for the annual homecoming weekend, the first sight to meet their eyes often was Doc Hodge. Decked out in a tuxedo and carrying a cigar box rattling with change, Hodge limped up to greet old friends in town for the game. Calling them by name and reminding them of a memorable event of their college days, more often than not he was rewarded with a contribution for his familiar cigar box.

Born Dec. 11, 1901, in Auburn, "Dr. Drake" lived here all his life. He attended a local school for nine years and then went to Tuskegee to study. Auburn lured him back after two years, however, and he was a permanent fixture on College St. from then on. Drake shined shoes and served as porter for Varsity Barber Shop all his adult life.

One night in May of 1931, Hodge and other members of the popular quartet were returning home after singing at a banquet and he was struck by a car. His leg was amputated below the knee and later above the joint. Many students and alumni learned that an artificial leg was needed and made contributions. He wore out three or four legs in later years.

Hodge seldom missed an Auburn football game, wangling a sideline pass or using his cigar-box donations to buy a ticket and, if the game was out of town, to pay for transportation. For a number of years, he was a crowd-pleaser at homecoming games, limping up the track to lead the stands in a long and lusty "War Eagle."

Doc Drake liked to tell about the special trains of years gone by that made excursions to out-of-town football games — and the dice games in the baggage car. Tickets were sold by the "A" Club, with students, band members and townspeople of both races making the trip.

When the Tigers won a game, the "rats" rang the bell in Samford Tower and big bonfires were built at the station. Drake also recalled the live eagle, goat and two tiger cubs which served as team mascots at various times.

Back in the old days, Hodge recalled, the "A" Club shaved the heads of freshmen and made them toe the mark. Those were the days when College St. was but a dusty road and the city's light supply came from an old powerhouse on the campus. And those were the finest days for the Auburn Spirit, he maintained.

Hodge Drake had not been in the best of health lately. His good leg had begun to give him trouble, and he was bothered some by high blood pressure. But he had been back to his College St. stand a few days ago, already anticipating a trip to New Orleans next Jan. 1. He was sure Auburn would be one of the teams invited to play in the Sugar Bowl.

Death came quickly to Hodge in his home at 515 Opelika Rd. as he was preparing to go for a ride with a friend.

ALUMNALITIES—Continued

Lt. Edward J. Rohmer is an army dentist in Geissen, Germany.

Born: A daughter, Catherine Leigh, to Mr. and Mrs. J. Marshall Marriott, Jr., in Los Angeles, Calif., on July 4 . . . A son, Cecil James, III, to Mr. and Mrs. Cecil J. Steele, Jr., in Birmingham on July 3 . . . A daughter, Annette Lea, to Lt. and Mrs. Benjamin L. Pendleton in Opelika on July 21 . . . A daughter, Lisa Darlene, to Mr. and Mrs. Thomas S. Tucker in Birmingham on June 29. Mr. Tucker is territorial sales representative for Cutter Laboratories in Alabama and Northwest Florida . . . A daughter, Sharon Carole, to Mr. and Mrs. Kenneth Allen Tew (Jimmie Wilson '56) in Montgomery on Aug. 4 . . . A daughter, Barbara Sue, to Mr. and Mrs. Henry Wyatt Shows in Pensacola, Fla., on June 16. Mr. Shows is an industrial engineer with Armstrong Cork Co. Barbara Sue joins a brother, Wyatt, Jr., 3 1/2.

New Addresses: James T. Maddox, Dyersburg, Tenn.; Elmer O. Strickland, Guntersville; Henry W. Wright, Dothan; Guy M. Fincher, Jr., LaGrange, Ga.; Mrs. Sarah Katherine Quinn Nettles, San Francisco, Calif.; Margaret A. Fountain, Arcadia, Calif.; James M. Webb, Atlanta, Ga.; Donald J. Spring, Huntsville; Thomas W. Fuller, Coral Gables, Fla.; Sgt. Charles H. Jennings, Ft. Hood, Tex.; Roy Leon Hill, Jr., Langdale; Lt. (jg) Norton E. Cater, Mobile; Charles K. Edgar, Ozark; John R. Braden, Wheat Ridge, Colo.; Drayton H. Talley, Huntsville; Albert L. Stancel, Jr., Opelika; Mr. and Mrs. Arthur D. Goodwin (Virginia Middleton '55), Ruston, La.; Lewis H. Downton, Macon, Ga.; Robert L. Orr, Hartselle; William R. Farrar, Stone Mountain, Ga.

1957

Mr. and Mrs. William R. Johnson (Catherine Boyd '53), Reeves and Boyd have moved to Huntsville where Bill is a senior engineer for Brown Engineering Co.

Jerusha Ray is assistant home demonstration agent in Tuscaloosa County.

Sam W. Adams, Jr., was recently promoted to Lieutenant in the U. S. Navy. For the past two years, Lt. Adams has been assistant professor of Naval science at Marquette University in Milwaukee, Wisc. He is now serving aboard the USS Tusk (SS 426)

prior to entering the U. S. Naval Submarine School at Groton, Conn., in late September.

Mark A. Rainer, Jr., is on the NROTC staff at the University of Southern California.

Dr. Robert E. Talley was recently elected the outstanding intern by the House Staff Committee of the University Hospital, Augusta, Ga.

James Grantham was recently released from active duty after serving four years in the Navy. He is presently employed as a sales representative in the Agricultural Chemicals Division of Monsanto Chemical Co. in St. Louis, Mo.

Lee H. Nichols, student at Southwestern Seminary, recently spoke at a combined meeting of the Women's Missionary Union and Brotherhood organizations of the First Baptist Church in Auburn.

Lt. Buford W. Addy, Jr., completed the 10-week officer rotary-wing qualification course at The Primary Helicopter School, Camp Wolters, Tex., on July 27.

Thomas L. Baggette, Jr., is an engineer with Lockheed Aircraft at Cape Canaveral, Fla. He lives in Eau Gallie.

Albert T. Fromhold, Jr., has completed work for a Ph.D. degree in engineering physics at Cornell University and has accepted a job with Sandia Corp. in Albuquerque, N. M.

Mrs. Rebecca Benefield Sisk, Pensacola, Fla., and Ann Orders, Birmingham,

attended the three-week home management and equipment workshop at Auburn in July.

Born: A son, Clay Erwin, to Mr. and Mrs. Arvin Q. Hudgins in Memphis, Tenn., on June 30 . . . A second daughter, Elizabeth Anne, to Mr. and Mrs. James W. Beale, Jr. (Janice Johnson '57), in Birmingham on June 19 . . . A son, Daniel Marvin, to Mr. and Mrs. Daniel W. Smirl (Jody Guthrie '54), in Huntingdon, W. Va., on July 30. Dan is assistant trainmaster with the C&O Railroad in South Charleston, W. Va. The Smirls have another son, Tommy, who is 3.

Married: Margaret Ann Mackin to Charles Stanley Farrell in Birmingham on Sept. 2 . . . Shirley Jo Lindsay to Benny Frank Whiddon '57 in Headland on Aug. 11 . . . Tomilu Bedgood to Joseph Andrew Braxton in Montgomery on Aug. 27.

New Addresses: William Y. Vaughan, Jr., Jackson, Tenn.; William R. Smith, Birmingham; Phillip E. Holladay, Clayton; Mrs. Margaret McKissick, Ft. Benning, Ga.; Armato Chandler, Geneva; James W. McManus, Brandon, Fla.; Richard I. Carlisle, Fulton; Jack T. Bean, Jacksonville, Fla.; Ronald L. Stamps, Montgomery; Mr. and Mrs. William E. Birdsong (Margery Sandridge '59), Iuka, Miss.; Lionel de Paula Arias, Whippany, N. J.; Carlton P. Olsen, Normal, Ill.; Mr. and Mrs. Hiram B. Johnson, Jr. (June Heard '57), Merritt Island, Fla.; Mrs. Harold B. White, Jr., Decatur; Edward L. Moore, Lake Land, Fla.; Albert B. Cameron, Tampa, Fla.; Roger Pointer, Jr., Baton Rouge, La.; Charles W. Hall, Hartselle; James E. Foshee, Birmingham; Daniel H. Campbell, N. Palm Beach, Fla.; Elbert T. Miller, Haddon Heights, N. J.; Mrs. Floree Jacobs Farrar, Stone Mountain, Ga.; Harvey W. Parker, Greeley, Colo.; Mrs. Mary Alice McDaniel Orr, Hartselle; Mrs. Margaret McKissick Twitchell, Springfield, Va.; Harry F. Anderson, Birmingham; Sam D. Evans, Monroe, La.; Mrs. Phyllis Walters Adams, Anniston.

1958

Lt. George W. Johnson, Jr., has been assigned to the 97th Engineer Battalion at the U. S. Army Ammunition Depot in Trois Fontaines, France.

W. Courtenay Renneker is a sophomore at the University of Alabama Medical School in Birmingham.

James A. Helms is stationed with the U. S. Forest Service in Eustis, Fla. He and his wife have a daughter, Lynda.

Robert (Bo) Snowden is head basketball coach and assistant football coach at Denison High School, Denison, Tex.

L. C. Fowler has been named head football coach at Reform High School.

John V. Denson, II, has returned to his home in Opelika to become associated with the law firm of Samford and Torbert.

(Continued on page 11)

Missile Center Deputy

Col. Felix H. Jones, Jr., '40 is newly appointed Deputy for Development and Test at the Air Force Missile Development Center in New Mexico. Previously he was director of research and development at the AF Special Weapons Center at Kirtland AFB.

Entering the Army Corps of Engineers in 1940, Col. Jones later became a fighter pilot and operations officer in the China-Burma-India theater during World War II and flew a total of 201 missions — 100 in P-40's and 101 in P-47's.

He received the Distinguished Flying Cross with two Oak Leaf Clusters and the Air Medal with four Oak Leaf Clusters. He is a Command Pilot with 4,000 flying hours on his record.

THE AUBURN ALUMNEWS

ALUMNALITIES—Continued

James Doyle Boggs is employed by Westinghouse Electric Co. in Norfolk, Va.

Mr. and Mrs. Walter K. Rutledge (Lee Piazza '55) are living in Cookeville, Tenn., where he is assistant professor of accounting at Tennessee Tech.

Jeanne Priester, Auburn, attended the three-week home management and equipment workshop at Auburn University in July.

Born: A daughter, Lewis Ellen, to Mr. and Mrs. Larry Warren in Birmingham on July 15 . . . A daughter, Ruth Anne, to Dr. and Mrs. Henry D. Watson, Jr., on May 6 . . . A daughter, Lisa Kim, to Mr. and Mrs. Richard Hearn (Sue Raper '58), on July 14.

New Addresses: John A. George, Bellevue, Wash.; Charles L. Spraggins, Bridgewater, Conn.; Roderick M. Schlosser, Birmingham; W. Donald Fay, Jr., Chicago, Ill.; Mr. and Mrs. Lawrence L. Norman (Charlotte Martin '56), Clearwater, Fla.; LaFayette F. Lanier, Jr., Fairfax; Mrs. Carol Clark Lester, Birmingham; Donald D. Battles, Canoga Park, Calif.; G. Hal Fisher, Lancaster, S. C.; Alfred C. Carraway, Albany, Ga.; John B. Howard, Chattahoochee, Fla.; A. Bennett Huff, Atlanta, Ga.; Steve B. Whitlow, Decatur; Donald E. Roberts, American Red Cross, Ft. Benning, Ga.; Mr. and Mrs. Jerald L. Barrett, II, (Julia Erwin '59), Florence; Samuel A. Bray, Jackson, Miss.; Dr. Thomas L. Barber, Southold, N. Y.; Barry E. Davis, Seymour, Ind.; Lt. Roger G. White, Nellis AFB, Nev.; Bobby E. Boone, Cookeville, Tenn.; Lecil E. Hyche, South Boston, Va.; Mr. and Mrs. Elliott J. Coleman, Jr., (Leita Trammell '57), Pascagoula, Miss.; Mr. and Mrs. Julian H. Maynard (Janis McInnis '58), Montgomery; Jack E. Land, Columbus, Ga.; Dudley C. Ward, Jr., Dayton, Ohio; Mr. and Mrs. Joseph R. Mason (Peggy Sturkie '58), Birmingham; Bill W. Fowler, Athens, Tenn.; Lewis K. Anderson, Atlanta, Ga.

1959

George H. McKean has just returned from two years active duty with the U. S. Navy in Puerto Rico and is presently employed by the International Paper Co. in Mobile.

Eugene F. Robbins, Jr., has been promoted to plant engineer of the Griffin (Ga.) Division of Thomaston Mills. He is also Georgia junior golf chairman and escorted the four junior golfers in the state to the International Junior Golf Tournament in Denver, Colo., in August.

Master Of Agriculture —

On Aug. 24, B. B. Williamson, Jr., '42, assistant county agent, Sumter County, became the first to receive a Master of Agriculture degree from Auburn University. This new degree is given under a program designed for extension agents, vocational agriculture teachers, and others who disseminate agricultural information to farmers. Most of the credit for the degree can be earned at off-campus centers.
